Grand Regent
HERMAN C.
FORSLUND

The 31st Grand Council Convention, held at the Benjamin Franklin Hotel, Philadelphia is now one week old in history. Such a thought brings back another memory from the past. Twenty-three years ago, I received instructions in Kappa Psi as an initiate of Beta Pi. Fraternity affairs and responsibilities since that time have been both an honor and a pleasure.

All of you know—as I do—that the success our Fraternity is able to enjoy during the next two years will be directly attributable to the combined efforts of many. No one person now, in the past, or in the future will successfully carry the major load in guiding our Fraternity to further progress. It is and will be strictly a team effort.

THE NATIONAL OFFICERS

1421 They one of your national officers of the last two years was in attendance at the meeting. You could expect this. Each has given his services, in very generous allotments of time and energy, to the Fraternity over a period of many years. Each of your officers elected for the current two years also was in attendance. None of them are new to their dedication of interest in Kappa Psi. They are all “veterans” in the affairs of the brotherhood either at Chapter, Province or National level. Another two brothers who qualify as faithful workers in the Fraternity over a period of years are the two graduate members of the Executive Committee—Louis D. King of Rutgers and Paul M. Scott, University of Kansas City. It was pleasing to meet the two collegiate members of the Committee—John A. Pagliarini, Beta Epsilon and Glenn P. Morin, Gamma Sigma.

The retiring Grand Regent, James R. Thayer, is a man who has a “built-in” sense of humor. This is not something that can be developed. It is spontaneous and continual. I believe that it must be a part of the “original equipment.” It was and is a high privilege to know Jim. A quick response to an asking, with a touch of humor added, is a wonderful attribute.

Your Grand Secretary-Treasurer, Frank H. Eby and the Editor of *THE MASK* are highly qualified brothers to handle the responsibilities of their offices. Nick Fenney, like Frank, is very energetic. They are both willing to spend of their energy for the betterment of the Fraternity and the Profession.

THE FUTURE OF KAPPA PSI

There is an old Arabic saying:

“nothing in the world can take the place of persistence.
talent will not—there is nothing more common than unsuccessful men with talent.
genius will not—unrewarded genius is almost a proverb.
education by itself will not—the world has many educated derelicts.
persistence and determination, alone, are omnipotent.”

We must show persistence and determination in seeking adequate leadership fraternally and pharmaceutically for the next twenty and for the next thirty years. There will be no shortage of university students in the next several decades. The population of the U.S. passed

(Continued on page 4)

The Thirty-First National Grand Council Convention of Kappa Psi Pharmaceutical Fraternity*

The Thirty-First National Grand Council Convention of Kappa Psi Pharmaceutical Fraternity was held at the Benjamin Franklin Hotel in Philadelphia, Pennsylvania on December 28, 29, and 30, 1961. This marked the Eighty-Second Anniversary of the Fraternity, having been founded in 1879 at the Russell Military Academy in New Haven, Connecticut. In addition to guests there were 216 members who registered for the three-day convention. Forty-six of the 52 Collegiate Chapters were represented as were 15 Graduate Chapters and 7 Provinces. Previous to the opening of the convention, joint meetings of Alpha Chapter and the Executive Committee were held on Wednesday afternoon and evening of December 27, with Grand Regent James R. Thayer presiding. Additional sessions of the joint groups were held on Saturday afternoon after the close of the convention.

General Convention Chairman was Grand Secretary-Treasurer Frank H. Eby of Temple University and Co-chairman was Arthur J. Pellegrino of Smith Kline & French Laboratories. Edward F. Gentz, Robert Penna, Ted N. VanDevere and Nicholas Angelastro served as local fraternity representatives. Other committees of the convention were: Registration, Editor of *THE MASK*, Nicholas W. Fenney of the University of Connecticut, Chairman; Program, Grand Regent James R. Thayer of the St. Louis College of Pharmacy, Chairman; Credentials Committee, Louis D. King of Rutgers University, Chairman; and Reception Committee, Louis R. Ravin, Chairman. Convention patrons were as follows: Eli Lilly & Company, Merck Sharp & Dohme, Charles Pfizer & Company, Smith Kline & French Laboratories, Philadelphia Wholesale Drug Company and Wyeth Laboratories.

Raymond J. Dauphinais, Director Legal Division of the American Pharmaceutical Association addressed the convention and Third Grand Vice Regent Pierre F. Smith delivered a paper prepared by Dr. George E. Osborne of University of Rhode Island. In all, five regular business sessions were held where delegates were present to hear reports of National Officers and the various committee reports. A special Memorial Tribute to deceased members was delivered by First Grand Vice Regent Herman C. Forslund of Oregon State University. Dr. Milton L. Neuroth of the Medical College of Virginia presented an address at the first general session entitled "The Relation of Kappa Psi Fraternity to the American Pharmaceutical Association." Two panel discussions were presented, dealing with chapter and province communications, activities and opportunities.

One special session was held under the direction of Grand Ritualist John W. Martin where members of Eta Chapter conducted an Exemplification of Ritualistic Procedures. Members of the convention also were afforded the opportunity of visiting one of three manufacturing pharmaceutical companies in the area, namely Smith Kline & French, Merck Sharp & Dohme, and Wyeth.

The social program included a Grand Officer's Reception on Thursday evening followed

* A copy of this report has been submitted for publication in *Banta's Greek Exchange*.

by the Convention Buffet Supper. The Eighty-Second Anniversary Dinner was held on Friday evening at the Benjamin Franklin Hotel. An excellent program of entertainment followed the dinner. Special recognition for outstanding service to the profession was made at the Anniversary Dinner to Grand Secretary-Treasurer Eby and to Professor John A. Lynch of Temple University.

One of the highlights of the convention was the conferring of an Honorary Membership to Dean Linwood F. Tice of the Philadelphia College of Pharmacy and Science for his distinguished contributions and outstanding services to the pharmaceutical profession.

The Grand Council Convention closed with the installation of the following officers for the 1961-1963 terms: Grand Regent, Herman C. Forslund, Oregon State College; First Grand Vice Regent, Glen T. Sperandio, Purdue University; Second Grand Vice Regent, Walter R. Williams, University of Connecticut, Third Grand Vice Regent, Richard S. Strommen, University of Wisconsin; Grand Secretary-Treasurer, Frank H. Eby, Temple University; Grand Historian, Robert C. Grieb, Connecticut State Department of Health; Grand Ritualist, John W. Martin, Bridgewater College; and Grand Counselor, Paul M. Scott, University of Kansas City. Nicholas W. Fenney, University of Connecticut, was re-appointed editor of the fraternity's publication THE MASK.

The Thirty-First Grand Council Convention adjourned Saturday noon, December 30, 1961. The next convention will be held in 1963.

From the Desk of the Grand Regent

(Continued from page 2)

the 185 million mark on November 30, 1961. There was a population gain of over 3 million in the U.S. during the last calendar year. Trends in university admissions in recent years indicate that there are 620 high school graduates for every 1000 eighteen year olds. Further that 295 of the 620 high school graduates enter the university and that universities graduate 137 students, on the average out of every 1000 of the eighteen year olds originally mentioned. A story may help to illustrate a point here. A passenger on a river-boat engaged in conversation with the pilot. The passenger said, "I imagine that you know all the low-spots, rocks and shoals in this entire river?" The pilot was quick to answer, "No, I don't." The passenger said, "How can you be a pilot then?" "Mr.," he answered, "I know where they aren't"

It can be said in all truth that we do not now know exactly where adequate leadership, both fraternally and pharmaceutically, is coming from for the entire next thirty years, but we do know where it is not coming from.

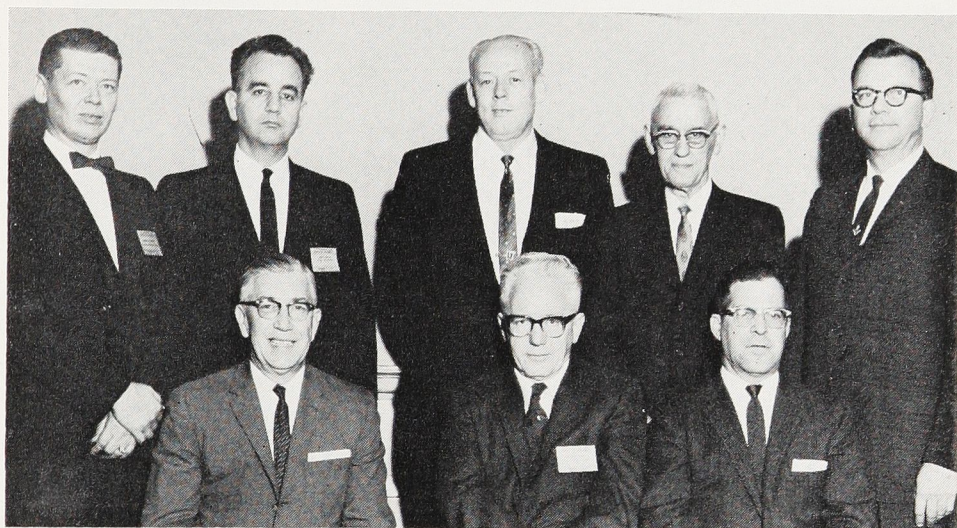

It will not come from those students entering the universities who fail to develop maturity, nor will it come from those who cannot accept responsibility. It is your obligation to judge well your successors as Kappa Psi Fraternity men. They will represent your university after you graduate. They will be the officers of your collegiate chapters. Some will become officers in your graduate chapters in due time. You will be looking for a student who is responsible, one who can demonstrate maturity, one who has developed persistence and determination, and one who is a demonstrated scholar.

Many of you will attend the annual Kappa Psi breakfast to be held during the A.Ph.A. convention. I hope to personally greet many of you in Las Vegas. Good luck and best wishes to all.

Kappa Psi Grand Officers Elected Philadelphia, Pennsylvania, December 29, 1961

Delegates at the Thirty-First National Grand Council Convention of Kappa Psi Pharmaceutical Fraternity elected the following Grand Officers at the third business session in the Betsy Ross Room of the Benjamin Franklin Hotel, Philadelphia, Pennsylvania, December 29, 1961. These officers will hold their respective positions for a two-year term.

- Grand Regent Herman C. Forslund (Oregon State College)
- First Grand Vice Regent Glen T. Sperandio (Purdue University)
- Second Grand Vice Regent Walter R. Williams (University of Connecticut)
- Third Grand Vice Regent Richard S. Strommen (University of Wisconsin)
- Grand Secretary-Treasurer Frank H. Eby (Temple University)
- Grand Historian Robert C. Grieb (Connecticut State Department of Health)
- Grand Ritualist John W. Martin (Bridgewater College)
- Grand Counselor Paul M. Scott (University of Kansas City)

THE GRAND OFFICERS—KAPPA PSI PHARMACEUTICAL FRATERNITY, 1961-1963
(Elected December 29, 1961)

1422

Seated (l. to r.): Second Grand Vice Regent Walter R. Williams, Grand Regent Herman C. Forslund, First Grand Vice Regent Glen T. Sperandio.

Standing (l. to r.): Third Grand Vice Regent Richard S. Strommen, Grand Ritualist John W. Martin, Grand Historian Robert C. Grieb, Grand Secretary-Treasurer Frank H. Eby, Grand Counselor Paul M. Scott.

HEAD TABLE AT THIRTY-FIRST GRAND COUNCIL BANQUET

1424

From left: Grand Officers Sperandio, Williams and Forslund, Mrs. Linwood Tice, Honorary Member Dr. Linwood Tice, Mrs. Pellegrino, Toastmaster Arthur Pellegrino, Grand Regent Thayer, Mrs. Frank H. Eby, Grand Secretary-Treasurer Eby, Mrs. Nicholas W. Fenney, and Editor of THE MASK Fenney.

Grand Regent Herman C. Forslund's Address of Acceptance*

Brothers of Kappa Psi:

It must be said in all truth and humility that I am grateful and thankful to each of you who are in attendance at this Thirty-first Grand Council Convention for the confidence you have expressed in me by election to the office of Grand Regent.

It is an honor—which means “held in high estimation,” a privilege—which means “a right granted as a peculiar favor,” and a challenge—which means “a claim or demand of a right.” This is a difficult task that contains many responsibilities. I interpret the three words: honor-privilege-and challenge to mean:

1. That you hold your membership in our Fraternity in high esteem and that you are making and asking of all your officers to do their utmost to maintain this condition.

2. That you are willing to “grant a peculiar favor” for a period of time, during which you have every right to expect dedication towards further progress of the Fraternity carried out by your officers in a dignified manner and with purpose.

3. That you have filed a “claim of a right” from your officers. You expect them to attend to the necessary business of fraternal affairs with dispatch, to help advance the profession of pharmacy—educationally, fraternally and socially, and to inculcate industry, sobriety, fellowship and high ideals.

As you well know, Kappa Psi maintains a serious atmosphere through its professional programs. It is because of emphasis on high scholastic attainment and ideals that professional fraternities, such as ours, are accepted by the administrative authorities of our universities and by the laity. We have serious work to do, and are busy getting it done. There is no other way to survive.

The ideal way to conduct the activity of this Fraternity is with justice to all. This is my desire and with your help and assistance it will be done. I am going to make an attempt to visit some of your chapters as time will permit.

I have now been a member of this Fraternity for twenty-three years and have had the good fortune of officership in Alpha Chapter for the past eight years. Many opportunities to serve the profession of pharmacy have occurred during this total span of years. All the offices held and responsibilities accepted were pleasant and fruitful. This is the office that I cherish above all the others. It will be a real pleasure to work with the officers you have elected.

Please give the personal greetings of myself and the members of Alpha Chapter to your own chapter upon your return home.

REPORT OF GRAND SECRETARY-TREASURER EBY AT THE THIRTY-FIRST GRAND COUNCIL CONVENTION

To the Brothers of Kappa Psi Fraternity—

Just twenty years ago—on December 28, 1941, Kappa Psi Fraternity held a National Convention in Philadelphia. It was actually the first National Convention held by the Fraternity since the medical and pharmacy fraternity groups separated in 1924, so it was a rare experience for most of those who met here twenty years ago.

In a number of ways the 1941 Convention was a memorable one. It was the beginning of an era that saw the rebirth of Kappa Psi Fraternity. Although World War II decimated our ranks and at one time the Fraternity almost ceased to exist, the Grand Officers elected in 1941 not only kept the Fraternity alive but they established a sound foundation which saw Kappa Psi emerge as a healthy organization at the end of the war.

* Delivered in Philadelphia, Pennsylvania, December 30, 1961 upon installation as the Grand Regent.

I am one of the few here today that was also present twenty years ago and I can assure you that I am looking forward to the enjoyable experience immediately ahead just as I did in 1941. I am sure that each of you will find this Convention a warm and stimulating experience and one that should be immensely profitable in a fraternity way.

Speaking for the Central Office which is located in suburban Philadelphia, we hope that you will have a most enjoyable time during the next several days. Although your visit is a short one, there is a varied program of activities which should bring you considerable pleasure. We hope that when you leave our fair city of Brotherly Love, a most appropriate place for a fraternity convention, you will carry with you many pleasant memories and a better sense of appreciation of what our Fraternity has done and what it plans and hopes to do in the future.

Much of what I say in this report will be a review of our achievements during the past two years. Possibly we should not give so much thought to looking backward but it helps us to evaluate more effectively what we must do in the future.

We can review our achievements of 1960 and '61 with considerable pride because we have attained a number of the goals established at the National Convention two years ago. Of course we have not done all that was possible but we have maintained a high standard of achievement and that is what counts most. The thing that is most important is that our achievements are the result of the joint efforts and very fine cooperation of Grand Officers, Grand Council Deputies, Committee members, Chapter Officers and by the bulwark of our Fraternity . . . the Collegiate and Graduate Members. Each has given a little of himself for the good of the Fraternity and that is why we are strong today.

THE CENTRAL OFFICE

As most of you know, the Central Office is the chief administrative office of Kappa Psi Fraternity. Here your part time Grand Secretary-Treasurer holds forth and directs much of the activity of the Fraternity while one employed full time secretary does much of the routine office work. The membership records, financial records and most of the other important records of the Fraternity are maintained in the Central Office. During the past two years about 7,450 pieces of mail were sent from this office which also served as the office of the national president of the Professional Interfraternity Conference for a part of the past two years.

In general we have had splendid cooperation of our chapters during 1960 and 1961. In some instances chapters have been delinquent in the performance of their duties but this appears to be due largely to retiring chapter officers who fail to instruct properly their successors. I shall mention a few areas where we have our greatest number of problems. Note that all of these are simple matters that can be corrected by just a bit more attention to details.

Chapter Secretaries should note the following in which some of them fail in their responsibilities:

1. Membership Cards (Form M) should be mailed to the Central Office immediately following initiation in order that members may receive their Membership Certificates promptly and that the Central Office records may be completed.
2. New officers should be reported promptly on official form.
3. Membership lists should be submitted promptly as required twice yearly on the official forms.
4. The official form should be used in requesting Membership Certificates. Names of new members should be spelled carefully, avoiding nicknames.
5. Report change in addresses as soon as they come to your attention. This refers to both collegiate as well as graduate members.

Chapter Treasurers should note the following.

1. Pay dues promptly. When reporting dues payments, inform the Central Office for whom and in what amount you are paying but *do not check or otherwise mark the official Treasurer's report sheets.*
2. Initiation fees should be paid immediately following initiation of members. Facultate and graduate members pay the initiation fee in all instances.
3. Check amounts to be paid carefully before drawing the check. If details are not clear, check with your Grand Council Deputy.

The instruction booklet which we prepared for chapter officers some years ago and which was revised recently covers every important area of chapter operation. For any chapter officer who reads this booklet carefully there should be no important failures in the management of chapters.

During the past two years the Central Office has had the splendid cooperation of the Executive Committee. We have had a number of problems and we have called on the members for advice and also approval of many items. They have always responded promptly and this help has been an important factor in our progress.

The Legislative Committee, the Scholarship Committee and the Ritual Committee have been especially busy at times and we are grateful to these committee members as well as those of the Executive Committee for their unselfish cooperation.

NEW CHAPTERS

Since December 1959, Kappa Psi Fraternity has added two new collegiate chapters which brings our active list to fifty two chapters which is the highest total in our history. Gamma Nu Chapter was installed by Grand Vice Regent Glen J. Sperandio at the University of the Pacific on September 17, 1961 and on May 13, 1961 Past Grand Regent Milton L. Neuroth installed Gamma Xi chapter at the University of South Carolina.

The Grand Officers have long held that in order for a chapter to be successful on any campus, the

chapter must be wanted by an outstanding group of students and it must have the enthusiastic support of the faculty. For this reason we do not use pressure or our prestige to force the organization of chapters where we believe they would be successful if organized.

We are hopeful that two of our chapters that have been dormant for some time may be reactivated in the near future, Rho Chapter at the University of Kansas and Beta Nu at Creighton University. Gamma Theta Chapter at the University of Kansas City has devoted much attention to the reactivation of Rho Chapter and we are hopeful that they will be successful. We would like the brothers at the University of Nebraska who may have friends at Creighton, to try and interest them in the reactivation of this old chapter. At present we have little prospects of reactivating the chapters at the University of Maryland, University of Southern California and University of Oklahoma. The schools which hold some promise for new chapters in the future are the University of Colorado, University of Houston, Auburn University and Duquesne University. Those of you who have friends or any influence with persons associated with these schools should speak to them about the possibilities of organizing new chapters if there is any student interest at all.

MEMBERSHIP

Last year's total of 971 new members was the second highest in the history and could have been our finest year had all chapters reported new members before the end of the year in June. Likewise the total membership of 2191 at the end of June 1961 was our second highest on record. Actually these figures are the highest in the last ten years. The prospects for continued high membership appear good although there is some evidence of decreased enrollment in the eastern schools. Our principal concern in this significant increase over the years is that we maintain the highest quality possible. The success of Kappa Psi over the years was built on quality and this must always be uppermost in our minds as we screen eligible persons for membership.

On December 18 of this year there were 168 new members and a total of 1425 members reported and for whom fees were paid. This is a good record for this time of the fraternity year and we are sure it will continue.

AWARDS AND CITATIONS

In a recent issue of THE MASK I reviewed briefly the awards and citations that are now a part of a rather important recognition program of our Fraternity. Scholarship receives the greatest attention and this is as it should be. Since our last convention in 1959 we have awarded 430 scholarship certificates in the two classes in which awards are made and I believe this is a record of which we can be proud. All of these records are processed through the Central Office in order that the eligibility of members can be checked.

The most recent award, The Citation of Appreciation is intended as a special award primarily for chapters but issued under authority of Alpha Chapter. Chapters may select recipients who are not necessarily members of Kappa Psi, on any basis of worthy achievement they may select so long as the approval of the Grand Council Deputy is obtained. The fully engrossed certificate usually costs less than five dollars.

Another new award, The Citation of Honor, was presented for the first time in 1960 and 1961 to the chapters that celebrated the Fiftieth Anniversaries. Upsilon, Chi, Beta Gamma, Beta Delta, Beta Epsilon and Beta Zeta were the recipients of this distinguished citation for fifty years of loyalty and service to Kappa Psi. (Will the members of these chapters stand so that we can recognize them.) It is a pleasure to compliment these chapters for this fine achievement. Within the next two years similar citations will be presented to Psi and Beta Kappa Chapters.

Certificates of Appreciation were awarded to nine members of the fraternity during the past two years. In most instances, members received them for outstanding contributions to the professions but there were several who also made outstanding contributions to the Fraternity. We shall continue to make these awards a special service of the Fraternity. Chapters may nominate recipients whom they regard as worthy but the contributions should be on a national level.

There were two Honorary Memberships presented during 1960 and 1961 and a third one will be presented tomorrow evening. The presentation of this award carries high honor and it is so recognized in pharmacy today. It is unfortunate that some fraternities confer Honorary Membership lightly and in some cases recipients have contributed little that is worthy of such recognition but this is a remnant of the old days when honorary membership was a simple way of bringing faculty members into the local chapter. It did not signify that the person was important to the school or his profession but it did indicate that he was a member of one's fraternity. Of course a fraternity can confer Honorary Membership on the local dog catcher if it so desires and we have no complaint. We simply want our members to know that Honorary Membership is a thing of Honor in Kappa Psi and that when conferred it is recognition of important achievements.

I would like the chapter to make more use of the Asklepios Key because it is a fine award and the chapters can determine the basis on which it is awarded for scholarly attainment. Since the Scholarship Honors Certificate is now presented to Senior and Junior students who achieved good records the Asklepios Key could probably be given for achievement in the third year which in some schools is the first professional year.

There are two new awards which I would like to consider for the future. One would be an outstanding Grand Council Deputy's Award which could be given each year to a Grand Council Deputy for his distinguished services. The other would be chapter achievement award to be presented annually. Two years ago Brother George Osborne presented a detailed outline for a program of this kind but this seemed to be more elaborate than we are equipped to promote at this time. A more simple program which would not be too difficult to administer certainly could be developed so that we could honor the chapters which are outstanding each year.

PUBLICATIONS

Since I will be reporting on publications at a later time for the Committee on Publications, I will refrain from making additional remarks at this time.

PROVINCES

I am conscious of the necessity for a careful study of the entire Province situation, however, this matter has been discussed freely by the Executive Committee and will be discussed at some length during the panel on this subject scheduled for tomorrow so I will not comment as freely as I should like. The views and opinions that will be expressed by the various members of the panel and others should certainly give us some idea on how the members are thinking which is always a wholesome sign of progress.

THE ANNUAL BREAKFAST

On August 2, 1946, during the week of the A.Ph.A. Convention in Pittsburgh, an experiment in fraternalism, a breakfast for members of Kappa Psi Fraternity, was held with tremendous success. Grand Secretary Ray S. Kelley and the speaker who was then Grand Regent, discussed the possibility of a meeting of some kind where Kappa Psi members could get together for a short time to renew old acquaintances and make new ones. The annual breakfast was the answer and sixteen of these have been held. Last April in Chicago more than 240 attended what was our most successful meeting. Many of the collegiate members were guests of the fraternity, one Honorary Membership and a number of Certificates of Appreciation were awarded which helped to make it an outstanding event. Today the annual breakfast is a fixture at the national conventions of the A.Ph.A. but that is as it should be since most of the important officers in the A.Ph.A. each year are usually members of Kappa Psi Fraternity. I trust that all of you, at some time in your lives, will have an opportunity to participate in at least one Annual Breakfast because its a very unusual experience where you get the feeling that Kappa Psi is important to a lot of people and you see that membership is actually for a life time and not just for the college days.

OBJECTIVES FOR THE FUTURE

None of the following objectives are new but they are so important that I am going to restate them as part of the constant reminder of what we must do to maintain our usefulness as a fraternity.

1. We must select only men of the highest quality.
2. We must develop a stronger scholarship program. Chapters are not giving the attention to this area they must give in the future. Each chapter should have a strong scholarship committee with faculty participation if possible.
3. Our participation in the Student Branches of the A.Ph.A. must be broader and stronger. While it is desirable that our members serve as officers if they are the best equipped members in the school, we must learn to serve the organization well regardless of the fraternity affiliations of those in office.
4. All chapters should become active participants in their Provinces.
5. The personal conduct of our members should always be on the highest possible level. In these days when personal conduct has deteriorated it is very important that we remember that good moral conduct . . . good manners . . . good speech and careful dress are the mark of a good Kappa Psi man. We must always be alert to our responsibilities and maintain our position as a fine fraternity of fine men.
6. We must take a serious interest in the recruitment of pharmacy students. Each member should in his lifetime, encourage at least several worthy students to pursue studies in a school or college of pharmacy and thus insure a high type of professional person in the future.
7. We must continue to perform some worthwhile community service in each area of our country where a chapter exists.
8. We must take a stand against Communism or any other type of foreign ideology. Be cautious of your affiliation with campus organizations with high sounding, patriotic names because these have frequently been found to be the tools of Communism. Check carefully on any organization which seeks you as a member.

In closing this report I would like to say that it has been a pleasure to serve the fraternity through 1960 and 1961. These have been our busiest years and possibly our most pleasant because of our numerous accomplishments. The high degree of cooperation from every member with whom I have had contact, has made the exacting duties of the office, enjoyable.

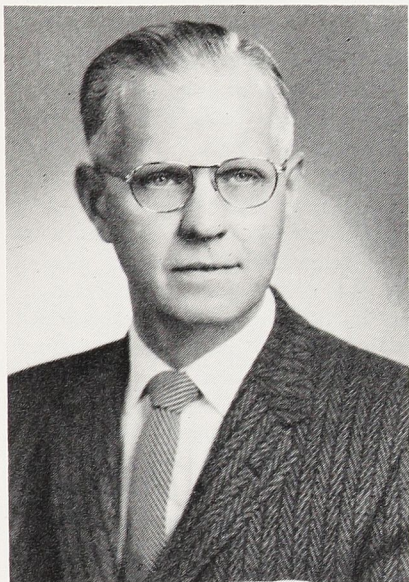

Again may I express my wishes for your enjoyment while you are a visitor here in Philadelphia.

• • •

"Although we recognize a large membership as a Fraternity asset, quality is the one thing that has contributed most to the outstanding reputation of Kappa Psi Fraternity."—FRANK H. EBY

Dr. Linwood F. Tice Elected to Honorary Membership

One of the highlights at the Thirty-first Grand Council Banquet held December 29, 1961 at the Benjamin Franklin Hotel in Philadelphia was the awarding of an Honorary Membership to Dr. Linwood F. Tice, dean of the Philadelphia College of Pharmacy and Science in recognition of his distinguished service in the field of pharmacy. The presentation was made by Grand Secretary-Treasurer Frank H. Eby at the conclusion of the banquet.

DR. LINWOOD F. TICE
Honorary Member, Kappa Psi

1425

Editor of *Remington's Practice of Pharmacy*. In addition to his editorial responsibilities, Dr. Tice is the author of over fifty published papers in the fields of pharmaceutical research and pharmaceutical education. Notable among his contributions in the field of research is his long-term study of gelatin which led to its adoption for use in many pharmaceutical products.

Over the years, Dr. Tice has been very active in committee work particularly in the American Association of Colleges of Pharmacy and in the American Pharmaceutical Association, the latter at the national, state, and local levels. Furthermore, he was instrumental in establishing the Student Section of the A.Ph.A. in his capacity as chairman of the A.Ph.A. Committee on Student Branches, 1951-1955. As chairman of the A.A.C.P. Committee on Curriculum, 1952-56, he was one of the staunchest advocates of the now mandatory five-year course in pharmacy. Dr. Tice is a past president of the American Association of Colleges of Pharmacy and has served two three-year terms on its Executive Committee. Dr. Tice served a five-year term as a member of the Board of Directors of the American Foundation for Pharmaceutical Education and is presently a member of the Board of Trustees of the *United States Pharmacopoeia*. Prior to this latter appointment, he served on the Revision Committee of the U.S.P. from 1940-1960. Dean Tice is at present a member of Council of the A.Ph.A. as well as a member of the American Council on Pharmaceutical Education. Recent honors include the 1961 Pharmacy Achievement Award of the Philadelphia Branch of the A.Ph.A. and Honorary Membership in the Kappa Psi Pharmaceutical Fraternity.

Dr. Tice was born in Salem, New Jersey, where he still lives. He attended the Philadelphia College of Pharmacy and Science graduating in 1929 with the Ph.G. degree. In 1933, he received his B.Sc. in pharmacy and, in 1935, his M.Sc. in chemistry from the same institution. In 1954, he was honored with a Doctor of Science degree from the St. Louis College of Pharmacy and Allied Sciences. Except for one year at Baylor University in Dallas, Texas, where he was professor of pharmacy, Dr. Tice's entire academic career has been at the Philadelphia College of Pharmacy and Science where he became professor of pharmacy in 1940. Since 1941, he has had the dual role of educator and administrator when he became assistant dean of the college as well as director of the Department of Pharmacy at the same institution. Presently, Dr. Tice is dean of pharmacy at P.C.P. & S.

Dean Tice was for twenty-five years Technical Editor of *Pharmacy International* and *El Farmaceutico* and has been for some twenty-one years Editor of the *American Journal of Pharmacy*. Since 1948, he has been an Associate

RAYMOND J.
DAUPHINAIS

Kappa Psi
1426

Grand Regent Thayer, and brothers of Kappa Psi: It is a personal pleasure to have this opportunity to discuss some topics of mutual professional interest, and to participate with you in this, our 31st Grand Council meeting.

Some months ago, I would have been tempted, in a non-partisan way, to entitle this presentation "New Frontiers in Pharmacy," instead of merely "Frontiers in Pharmacy." However, the latter seems more appropriate in our professional context here.

This very day a practicing pharmacist faces many challenges, some of which are new but many of which have been with us for years. Those of you who are now preparing for a career in the profession will find that some of the challenges have been met but a utopian status will not have been achieved when you join the professional ranks as licensed pharmacists. Each successive generation will have specific matters which it will be called upon to clarify, resolve, or improve in some manner. Successfully meeting these responsibilities will result in professional progress.

It is necessary to consider my preceding comments, which are intended merely as background for our discussion, in light of professional reality; that is, in light of the day to day practice of the profession of pharmacy in the thousands of communities throughout the Nation. We cannot speak in abstract theory or broad generalities because we, as pharmacists, cannot practice the profession of pharmacy in such an environment. One of the basic purposes of the formal education requirements, and internship periods, is to give each of us the basic knowledge and tools with which to appraise theories and generalities, interpret them in the context of our own specific environment, and then to adapt the principles to practice in a specific phase of the profession.

No one can formulate a *specific* plan or method which will apply without exception to every situation in every sector of the country. As students in the art and science of pharmacy, each of us has been made aware that there are exceptions to every general rule. It is vital to our profession and to its progress that we have persons who can and do develop general theories and principles in regard to our various professional challenges, but this is only part of the matter. It is equally important that we have persons who interpret and adapt these theories and principles for utilization in daily practice.

Some of you here will be the theorists but most of you will be more concerned with the second phase—the adaptation and implementation of theories and principles in daily practice. The profession cannot successfully fulfill its public health responsibilities without both of these phases, each one complementing the other, and neither phase can usefully exist without the other.

It would be helpful to illustrate my *own* generalities, which have been placed before you, with specific examples embracing matters of current professional interest.

Professional terminology has been an area which is given perennial attention in professional articles, seminars, and discussion. It will continue to be a perennial topic because our professional language becomes more sophisticated and changes with usage just as the English language is in a continual state of reform. However, it is imperative that conscious attention be given to our professional terms and expressions if we are to

* Presented at the Grand Council Convention of Kappa Psi Pharmaceutical Fraternity, Philadelphia, Pennsylvania, December 30, 1961.

properly communicate with the other professions, government officials, and the public.

Does a pharmacist charge a "fee" or a "price" for a dispensed prescription? In professional jargon, we may use the erroneous term "price" when the term "fee" is actually proper. A pharmacist obtains a professional *fee* for the services he renders in dispensing a prescription. References to these charges as the "price" of a dispensed prescription are, therefore, quite improper.

The term "price" is not only incorrect but objectionable when used with reference to a dispensed prescription. The term "price" suggests trade or commerce involving the mere sale of a commodity rather than the professional activity of a pharmacist. Can we expect the laity to view a dispensed prescription as something different from a can of hash if we ourselves minimize the professional aspects of the dispensing of a prescription and employ terminology which suggests equality with the sale of a can of hash?

While the particular method of computing the professional fee is a matter solely within the discretion of an individual pharmacy, references to "mark-ups," "deals," "discounts," and other similar terms reinforce the unfavorable connotations of the term "price." Such terms fortify the misconception that a dispensed prescription is merely another commodity of trade or commerce. It is obvious that these commercial terms should be avoided and proper professional terms utilized. We cannot expect the laity to make these distinctions if we do not do so ourselves.

The recent professional sample controversy is relevant in regard to our professional terminology. Much of the confusion which surrounds the professional sample situation is due, in part, to semantics. These sample articles of prescription legend drugs are frequently identified as "professional samples" or "physicians' samples." Through loose usage, some people began to refer to such samples as "physicians' samples" and this professional jargon crept into pharmacy's vocabulary as well.

Continued use of the improper designation "physicians' samples" in relation to such articles has encouraged the Federal Food and Drug Administration in asserting that "physicians' samples" are intended by manufacturers *only* for possession and distribution to physicians. The FDA presently views these articles as misbranded when in the possession of pharmacists and other persons who are not physicians.

We must remind people that the proper term for such articles is "professional samples." These sample articles are intended for use by all professional persons who are duly licensed and authorized by law either to prescribe or to dispense these articles. The semantics in this matter are directly related to some current litigation on the subject of "professional samples." This is a clear example, in a contemporary setting, of how improper terminology can grossly mislead persons outside of our professional ranks and cause us unnecessary confusion and hardship.

Another matter of current professional interest is the unorthodox attempts to provide professional pharmaceutical services, particularly the prescription mail-order operations. This matter is one which involves mixed considerations of law, public health principles, terminology, and professional ethics.

Mail-order operations as such have been in operation for many years dealing in the usual substance and trivia of trade and commerce. However, prescription mail-order operations are a relatively recent and hazardous development. It is important to focus attention on the word "*prescription*" in regard to prescription mail-order operations because it is this operational aspect which distinguishes *prescription* mail-order operations from conventional types of mail-order activity. Professionally, we are not concerned with the shipment of ordinary articles of trade and commerce through the mail, but we are, among other things, unequivocally opposed to traffic in prescription documents and unlawful attempts to practice the profession of pharmacy through the mail.

Each state under its police power has exclusive jurisdiction over matters of professional practice and privilege. The Federal government does not possess the constitutional power

to regulate such matters. Neither the Federal government nor any Federal laws can, nor do, confer professional privileges upon a person within a given state.

The laws of a state, regulating and supervising professional practice and privilege, are administered by specialized boards—usually the state pharmacy board. This is done in the interest of protecting the people of a state against the effects of ignorance and incompetency. A pharmacist readily acknowledges that he may only practice in those states from which he has obtained a license. Licensure in one state does not permit a pharmacist to practice in some other state without first meeting the requirements of the law in the second state and obtaining a license.

Prescription mail-order operators are attempting to practice pharmacy in states in which they have not been properly licensed. The prescription mail-order operator solicits prescription orders, through public promotions or otherwise, in State X, which prescriptions are written by practitioners, licensed and practicing in State X, for delivery to and treatment of patients in State X. These are professional functions of a practicing pharmacist in State X, and unless the prescription mail-order operation and its personnel are properly licensed by State X, there are violations of the Pharmacy law of State X. Licensure in some other state has no effect and confers no professional privilege in State X.

At the present time, 15 states have issued cease and desist orders to prescription mail-order operations, notifying these operators that such operations are in violation of state law. Similar opinions exist in other states.

In working with enforcement officials, attorneys general offices, and others on prescription mail-order operations and other professional matters, I find that pharmacy is continually confronted with the need to educate those with whom we must deal as to the principles, ethics, and general scope of the practice of the profession of pharmacy. It is nearly impossible to discuss professional subjects or to obtain intelligent assistance and cooperation in matters of professional concern without first embarking on an extensive educational campaign in regard to the profession of pharmacy. At first glance, an attorney general or an enforcement official may consider prescription mail-order operations as merely another general mail-order operation. However, after exposure to the issues and principles involved and proper emphasis upon distinctions, the response is usually completely different. Each of us must be continually aware that we each have this continuing educational responsibility.

Through diligent effort on the part of each of us and skillful use of language, we will find growing numbers of persons increasingly receptive to our ideas and suggestions because of an improved level of communication and understanding. This understanding of the profession of pharmacy is particularly important in regard to the promotion of prescription drugs to the public. This is another topic which is receiving increased professional attention.

Prescription drugs, narcotics, and other such articles are not mere items of commerce or simple commodities of trade. Articles such as the amphetamines, barbiturates, corticosteroids, narcotics, and other therapeutic articles should not be the subject of intensive promotion and aggressive merchandising to the laity if the public health purposes of existing state and Federal laws are to be served. Prescription drug use should be sane, sensible, and supervised—not pushed through public promotion.

Pharmacy is not opposed to advertising and no attempt is being made to restrain or lessen professional competition. Professional advertising, however, cannot be left without some regulation, and the experiences of the professions of medicine, law, and dentistry, among others, serve to substantiate this fact.

Numerous states have prohibited the promotion of prescription drugs to the public either by statute or regulation. Such prohibitions are directed solely against those articles which may *only* be dispensed pursuant to a prescription and, therefore, require additional

professional supervision and dispensing to insure sane, sensible, and proper distribution and use.

However, in the area of prohibiting the promotion of prescription drugs to the public, we must be ever mindful of the terminology which we use lest we scuttle a worthy cause. As an example, regulations which include references to or use of the word "prices" are usually viewed as economic devices employed to prevent competition. Furthermore, a prohibition against *advertising* prescription drugs to the public may be viewed differently from a prohibition against *promoting* prescription drugs to the public.

To come back to the premise upon which we began our discussion, I have referred to some of the theories and general principles in regard to professional samples, promotion of prescription drugs to the public, prescription mail-order operations, terminology, and professional fees. It is now up to each of us to interpret, adapt and apply such principles and concepts to our own practice in our own environment.

As I reflect upon my personal experiences over the past years of working with professional matters throughout the United States, I am encouraged by the increased professional interest and concern shown by pharmacists and the progress which our profession has made. There is, indeed, room for additional improvement in pharmacy and I suspect that this will always be true. However, my experiences are encouraging to me and I hope that you will share my enthusiasm.

There is no need to paint a black picture because our profession is something short of perfection. However, it would be foolhardy to imply that we can all sit back and enjoy the fruits of the labors of others. We must each diligently strive to improve! Pharmacy is on the brink of even greater accomplishments than we have experienced in the past. We can expect minor set-backs and we can expect some losses. Those pharmacists who face the professional challenges as they arise and who accept their professional responsibilities will survive and prosper; those who shirk those duties will probably fail. This phase of the challenge is a matter of discretion for each pharmacist to judge for himself. Each pharmacist's individual professional success will depend on his personal professional efforts.

Dr. Robert P. Fischelis Elected President of American Council on Pharmaceutical Education

At its annual meeting held in Chicago, Illinois, January 11, 1962, Brother Robert P. Fischelis was elected President of the American Council on Pharmaceutical Education. Brother Fischelis has been a member of the Council since 1940. He succeeds Dr. George D. Beal, who has been president since 1948.

THE NEW MARCH OF DIMES

THE NATIONAL FOUNDATION

MARCH OF DIMES

The Responsibilities of Membership in Kappa Psi*

By Brother George E. Osborne, *University of Rhode Island*

With every privilege there is an attendant responsibility. This statement is an expression of a moral law as old as the Judeo-Christian heritage itself. The great responsibilities of membership in the human race, in terms of the relationships of man to God and to other men, are summarized in the Mosaic Law; however, these Ten Commandments are so broadly fundamental in their scope that the extension of their ethical demands to smaller privileges and smaller responsibilities is sometimes casually overlooked. Nevertheless, such a connection exists.

The privilege of membership in Kappa Psi carries with it certain responsibilities that few members of the Fraternity realize. To begin with, there are those common to membership in any organization; but, because Kappa Psi is a professional pharmaceutical fraternity, the responsibilities are compounded. Not only is a Kappa Psi member a part of a Greek-letter fraternity, he is also a potentially outstanding example of a professional man, a pharmacist, a member of the medical team that strives constantly for the good of the public health.

The responsibilities of the Kappa Psi member can be classified in several ways. Most obvious are those directly imposed in a vertical direction by the organization of the fraternity itself, specifically, responsibilities to the chapter, to the national fraternity, and ultimately to the entire Greek-letter fraternity system. In addition, in a lateral direction, there are those of the member to the brotherhood, to the educational system that supports both the fraternity and the profession, and finally to the profession itself. While these categories can be thus neatly separated for purposes of closer scrutiny, they are so inextricably bound up one with another that any breach of trust in one respect is inevitably reflected in some—or perhaps even *all*—of the other ones.

To the Fraternity

When a man is selected for membership in an organized social group, he is chosen because he has demonstrated a potential for upholding the ideals of that organization. When a man is initiated into Kappa Psi, he becomes identified with an order the complexity of which he may not at the time be aware. Not only has he been integrated into the chapter that initiates him, he has also become one of several hundred members of a united brotherhood active in pharmacy schools and colleges across the nation, and his future is tied to a body of alumni of several thousand brothers, who participate in the fraternity usually in an individual, passive way, while they are engaged in the practice of the profession. More subtle is his attachment to that even larger group of both men and women who make up the entire Greek-letter fraternity system. The realization that his conduct will reflect up and down through these levels of the entire fraternity organization, should indeed give pause to the responsible initiate.

To the Brotherhood

The Kappa Psi neophyte may have to revise his outlook on his personal conduct with a view toward establishing and maintaining good relations with a new set of associates. The relationship between brothers-in-the-bond is far more tenuous than that between blood-brothers; it requires, therefore, more consideration of others' rights, more under-

* Delivered at the Grand Council Convention of Kappa Psi Pharmaceutical Fraternity, Philadelphia, Pennsylvania, December 30, 1961.

standing of others' problems, and more willingness to help others in their needs. It requires the suppression of personal desires when they interfere with the good of others, either personally or collectively. This new relationship is a part of the ideal of fellowship.

But fellowship involves more than brotherly association. It includes co-operation for the good of the Fraternity, willingness to contribute to the effectiveness of the chapter's progress, to work actively to achieve success for its undertakings, and eventually to assume positions of leadership within the brotherhood, so that the ideals of the Fraternity can be perpetuated. Leadership has its own special set of responsibilities. It is not possible, of course, for every member to become a leader; there must always be someone to be led. But the relationship between a leader and the brothers is a mutual responsibility: the brothers must support the leader and help him to develop the program of the Fraternity, while the leader must propose ideas that will be for the ultimate good of the Fraternity and not impose selfish programs on the group merely to bolster his own authority.

Scholarship is a paramount responsibility. Every student who anticipates successful completion of his academic career must enter college with the intention of advancing his education to meet the requirements for his degree; hence, while scholarship is not the only objective of college life; it becomes a most important one. Each member, in order to serve his chapter best, must perform scholastically at his best. Some level of academic achievement is usually required for initiation into the Fraternity; a minimum grade point average is frequently necessary for participation in extracurricular activities and in varsity or intramural athletics. If a brother does not achieve these levels or if he does not pass his courses, he fails not only himself but the other members of the chapter also. No fraternity can long exist with a large turnover of men who have not "made the grade."

To the College

The Kappa Psi man, moreover, must first of all be a student of the college where he is enrolled. His school is his *Alma mater*, the source of his education and preparation for his future career; it is as well the foundation for the very existence of his Fraternity. Just as the chapter looks to every member to do his best, so does the faculty of a college look to each student to give his first attention to the development of his educational foundation. The Fraternity will look with pride on its members that perform at a high level of scholarship; further, it expects its members to participate in extracurricular activities, particularly those of other professional groups. The faculty shares this pride.

The Fraternity inevitably find itself in competition with other groups, academically, in extra-curricular activities, in athletics; and the effectiveness of the competition of the chapter can be no greater than the sum of the contributions of its individual members. Because Kappa Psi is a professional fraternity, its members are looked to by the colleges to furnish the leaders for the professional activities sponsored by them for the benefit of all pharmacy students. By the very nature of its organization, Kappa Psi will generally be found to be the backbone of the activities of the college.

To Fellow Students

It may seem something of a contradiction that membership in Kappa Psi requires a man to give very careful attention to his personal relationships with fellow students who are not members of the Fraternity, particularly with those students who are not members of any fraternity! Initiation into a fraternity sets a man aside, and his identification with the fraternity system makes him vulnerable to the criticism of his non-fraternity associates in that he becomes a living representative to them of all that the idea of fraternity can mean, both good and bad.

It is essential in his relationships with fellow students that he maintain his perspective.

even to the extent that he is willing to give his wholehearted support to non-fraternity officers of other student organizations. Indeed, he should support candidates for offices of these all-student organizations strictly on the basis of their individual qualifications. It is not a good thing that a complete slate of officers be selected from any one group, simply on the basis of membership in that group; and while membership in Kappa Psi might complement a candidate's qualifications for an office, it should never supersede those of another candidate who is better qualified.

The Kappa Psi brother, too, may find that his old associates will look upon his new status as having separated him from them; however, he must guard against this attitude. He must go more than halfway to understand the feelings of his unaffiliated friends. He must expand his friendliness toward them, never forgetting that they do not have the privilege of participation that he now enjoys.

To the Profession

Just as the members of Kappa Psi are expected to assume the positions of leadership among fellow students in college, as alumni they move into positions of leadership in the profession. The experiences gained in the Fraternity at school stand them in good stead when they find themselves active in local, state, and national organizations in the profession. Even as they have been impressed with conducting themselves as professional persons while undergraduates, even as they have been set aside and watched as examples to their peers, so they will be expected to provide the standards for exemplary professional conduct among their colleagues in actual practice. Further, by their example, it is hoped that they will attract young people to the profession and also to the Fraternity, which, if both are to continue to live, must be populated with highly qualified personnel.

Discharging the Responsibility

Being confronted with the tremendous structure of responsibility associated with membership in Kappa Psi may evoke in some men fear that they may lack the ability to live up to it. Such a fear is groundless; the willingness to assume responsibility is what distinguishes a mature person from an irresponsible drifter. One can be expected only to do his best; no one anywhere will ask him to do more. But, more specifically, the discharge of responsibility of membership in Kappa Psi can be accomplished through expenditure of money, of time, or of consideration. The undergraduate expends the greatest amount of time and money for the privileges of fraternity membership. The wealthy alumnus may contribute large sums of money to the general fraternity or to his mother chapter; other alumni who have not wealth may be willing to contribute their time to the welfare of a graduate chapter, or a nearby collegiate chapter, or even of the national fraternity.

Every Kappa Psi, brother and alumnus, should maintain his consideration of the idealism on which the Fraternity is based. To forget, for any time at all, the teachings of the ritual, to lapse into indifference toward the Fraternity, the college, or the profession are breaches of responsibility that affect the structure supporting the foundations on which the Fraternity is built.

And last of all, the Kappa Psi man must remain true to himself and to the personal ideals he has been taught in his home, his church, and his school life. To these now he must add those ideals of his Fraternity and of his profession to round out his aspirations for a more completely satisfying life.

The Newly Elected Grand Historian

and a member of the Long Range Planning Committee of the state pharmaceutical association. He was a former member of the N.A.R.D. and presently is a member of the American Pharmaceutical Association and the Southwestern Druggists' Association. In 1949 after selling his pharmacy in Darien, Connecticut he obtained a civil service position as Food and Drug Inspector for the State of Connecticut. In 1952 he accepted a civil service appointment as Narcotic Agent for the Connecticut State Department of Health. At present he is the chief of the Narcotic Control Section. For the past three years he has been a member of the Executive Committee and Program Chairman of the National Narcotic Law Enforcement Officers Association. He is the chief aid to the Connecticut Narcotic Advisory Council and a trustee of the Stamford Area Aid to Addicts Group.

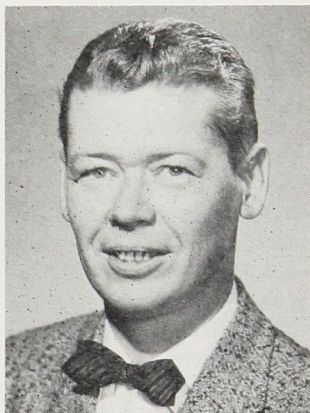

Brother Grieb's community interests include charter president of the Darien Lions Club, chairman of the Stamford Social Hygiene Program and a member of the Darien Business Men's Association. He received the Meritorious Service Award of the Bridgeport Pharmaceutical Association in 1961 and is an honorary member of the Bridgeport and Hartford Pharmaceutical Societies. He serves as a guest lecturer at Yale School of Medicine, Bridgeport University, Trinity College, University of Connecticut, Southern and Central State Teachers' Colleges, Connecticut State Police Academy, the Police Academies in Hartford, Bridgeport and New Haven, and several schools of nursing. Besides being the originator of many Connecticut Narcotic Laws he is also a contributor to the Connecticut Pharmacist Magazine.

Brother Grieb has been an officer of the former Province II and was Regent of the Connecticut Graduate Chapter in 1947 and 1957. He now is serving as Vice-President of the University of Connecticut Alumni Interfraternity Council. He is a trustee of the Kappa Psi Student Loan Fund, a member of the Executive Committee of the Connecticut Graduate Chapter since 1952 and was recipient of a Service to Fraternity award in 1961.

His hobbies include deep sea fishing, wood working and gardening. Mr. and Mrs. Grieb,

the former Frances Bacelli and graduate of the Grace Hospital School of Nursing, resides with his three daughters Bernadette 18, Leona 17, and Cheryl 11, at 235 Riverdale Road, in Orange, Connecticut.

The Newly Elected Third Grand Vice Regent Richard S. Strommen

RICHARD S. STROMMEN
Third Grand Vice Regent
Kappa Psi Fraternity
1961-1963

1428

Third Grand Vice Regent Richard Stanley Strommen was born in Madison, Wisconsin on November 15, 1922. He attended Milton College in Wisconsin from 1940-1942 and then served three years in the United States Army Air Force before entering the University of Wisconsin School of Pharmacy in 1945. He graduated in 1948 with a B.S. degree in pharmacy. After graduation he managed the Strommen Rexall Pharmacy, Fort Atkinson, Wisconsin until 1956. From 1956-1958 he was Executive Sales Coordinator of the Verral Moe Electronics, Inc., formerly of Jefferson, Wisconsin. In 1958 he was appointed an assistant professor at the University of Wisconsin serving in the Pharmacy Extension Division.

Brother Strommen became a member of Kappa Psi while an undergraduate student at the University of Wisconsin. After graduation he served as the secretary-treasurer of the Wisconsin Graduate Chapter which office he still holds. In 1960 he was awarded a "Certificate of Appreciation" by Alpha Chapter for his efforts in behalf of the Fraternity.

Brother Strommen has been and still is quite active in community affairs. Among them are: member of the City Council of the City of Fort Atkinson from 1953-1961 and serving as its president for five years, organizer and first president of the Fort Atkinson Toastmasters Club; member of Rotary Club, Chamber of Commerce, American Legion, Veteran of Foreign Wars, Masons, and Director of the Fort Atkinson High School Alumni Foundation.

Among the professional and other organizations that Brother Strommen belongs are: Wisconsin Pharmaceutical Association where he served as its president in 1955; National Association of Retail Druggists; American Pharmaceutical Association; American College of Apothecaries; American Society of Hospital Pharmacists; and the American Institute of History of Pharmacy.

Brother Strommen has designed and developed a Poison Control Center for the small community hospital which is of national scope.

Third Grand Vice Regent Strommen is married to the former Betty Jane Notbohm and they have two children Susan Dean 12, and Bary Richard 9.

The Newly Elected Grand Counselor Paul M. Scott

DR. PAUL M. SCOTT
Grand Counselor
Kappa Psi Fraternity
1961-1963

Paul M. Scott is Grand Council Deputy of Gamma Theta Chapter of Kappa Psi, Supervising Officer of Province VIII, and recently elected Grand Counselor. He joined Pi Chapter of Kappa Psi at the University of Purdue in 1940. He received his M.S. and Ph.D. degrees from Purdue University after serving in World War II in the European Theatre of Operations.

Brother Scott was employed at the School of Pharmacy of Washington State University from 1950-1959 as assistant professor of pharmacology. He is currently associate professor of pharmacology at the School of Pharmacy of Kansas City University. He is also a member of Sigma Xi, Rho Chi, AAAS (Fellow), and the American Pharmaceutical Association. He is a member of the I.O.O.F. and the New York Academy of Sciences. He serves as a member of the board of directors of the Greater Kansas City Lay Diabetes Society and is a registered pharmacist in the state of Indiana. At the present time he is also secretary pro-tem of the Executive Committee of Kappa Psi.

Brother Scott's hobbies and extracurricular interests center around classical music appreciation, fishing, and golfing.

THE ROBERT J. GERRAUGHTY FUND

Friends and associates of Dr. Robert J. Gerraughty of the University of Rhode Island College of Pharmacy have set up a fund in his name to help relieve some of the hardship that has befallen him and his family as the result of a tragedy by fire just prior to Christmas.

Interested friends may send their contributions in the name of the Robert J. Gerraughty Fund to the College of Pharmacy, University of Rhode Island, Kingston, R.I.

Editor's Note: The following letter was recently received from Dr. Gerraughty—

"I would certainly appreciate it if you could place a note in THE MASK thanking all the brothers for their kindness to us in our recent loss. It was an awful ordeal and we are most grateful to the brothers for thinking of us and wanting to help."

Personals

Eli Lilly & Company has announced that the following brothers have recently joined their organization as medical service representatives:

Robert L. Pekaar (Omega)—B.S., 1959, Rutgers University.

Charles A. Evans, Jr. (Beta Kappa)—B.S., 1960, University of Pittsburgh.

Gerald D. Sieve (Beta Phi)—B.S., 1961, University of Cincinnati.

Army 2d Lt. Tyrone L. Steen (Gamma Kappa) recently completed the eight-week orientation course for Medical Service Corps officers at Brooke Army Medical Center, Fort Sam Houston, Texas. Instruction during the course stressed the combat duties of the Medical Service Corps in assisting physicians in patient care. Lieutenant Steen received training in administration, medical supply procedures, sanitary engineering and the action to be taken in disaster situations. Brother Steen received his Bachelor of Science degree in 1961 from the South Dakota State College in Brookings.

Army 2d Lt. Jon W. Blumenstock (Beta Gamma) recently completed his eight-week orientation course for Medical Service Corps officers at Brooke Army Medical Center, Fort Sam Houston, Texas. Brother Blumenstock received his Bachelor of Science degree in 1961 from the University of California School of Pharmacy in San Francisco.

Army Pvt. Anthony G. Rinaldi (Gamma) recently was assigned as a pharmacist at Beaumont General Hospital, El Paso, Texas. Brother Rinaldi entered the Army last July and completed basic training at Fort Dix, N.J. He is a 1960 graduate of Columbia University School of Pharmacy in New York City.

Army Pvt. Carlton D. Evans (Gamma Psi) recently was assigned to the 525th Military Intelligence Group at Fort George G. Meade, Md. Brother Evans, a member of the group's Headquarters Company, entered the Army in August 1961 and was last stationed at Fort Jackson, S.C. He is a 1961 graduate of the Mercer School of Pharmacy, Atlanta.

Robert J. Teter (Pi) recently was promoted to first lieutenant at Fort Story, Va., where he is a post chemical officer in Headquarters, 4th Transportation Command Terminal C. Lieutenant Teter entered the Army in April 1960 and is a 1959 graduate of Purdue University in Lafayette.

NECROLOGY

Louis D. Stezzi

(Charter Member)
Died December 5, 1961

DEATH CLAIMS GEORGE H. FRATES

George Harrison Frates, 70, "Drug Industry Man of the Year" in 1955 died on December 5, 1961 at his home in Washington, D.C. Brother Frates was a charter member of Beta Gamma Chapter and served as a valuable member on the National Kappa Psi Executive Committee from 1946 through 1951. He graduated from the University of California School of Pharmacy and later owned and operated a pharmacy in San Francisco for 28 years. He was a member of the National Press Club, American Pharmaceutical Association, National Association of Retail Druggists (Executive Committee for 10 years), and president of the California Pharmaceutical Association in 1932.

Chapter "Newsletters"

"Newsletter" for Publication in THE MASK

Collegiate Chapter Historians and Graduate Chapter Secretaries should send their "Newsletter" for publication in THE MASK by the following dates:

<i>Issue</i>	<i>Postmark Not Later Than</i>
October-December	October 10
January-March	January 10
April-June	April 10
July-September	June 10

It is requested that you mail about a week before the deadline date and observe the following:

- 1—Reports should be typewritten and double-spaced.
- 2—Include the original and one carbon copy.
- 3—Include chapter and school name in capitals across the top of the first page of each letter.
- 4—Graduate Chapters need include only the chapter name.
- 5—Be certain that members' names are spelled correctly.
- 6—Whenever photographs (not over two) are submitted be sure to include names of those appearing in the pictures and to attach other information which you wish published beneath the picture. Send only *clear* glossy photographs (5 x 7 or larger size) and protect them in such a way that they will not become damaged in the mails. (Submission of photographs is no guarantee that they will be used.)

Send your "Newsletter" to Nicholas W. Fenney, Editor of THE MASK, 62 Broadfield Road, Hamden 17, Connecticut.

CHANGES OF ADDRESS

A change of address without notifying the Central Office causes an automatic removal of your name from the mailing list.

Include your old as well as your new address plus your collegiate chapter affiliation when notifying the Central Office.

Central Office: Office of the Grand Secretary-Treasurer, 109 Fairview Road, Springfield, Pa.

GAMMA—COLUMBIA UNIVERSITY COLLEGE OF PHARMACY

Greetings to all brothers from Gamma Chapter. Once again we approach that period of time in our history called final exam week. With a book and a prayer, we of C.U.C.P. hope to pass the finals and start the second semester.

On November 11, Gamma held its 63rd annual smoker at Longchamps Restaurant in New York City. Dr. Louis King, assistant dean of Rutgers University College of Pharmacy, was our guest speaker. Brother King projected us into the future

and told of some of the advancements we might expect to find in pharmacy at that time. Also present were Brothers Robert Lucky, Vivian Commons, Walter Sharbach, Puzant Torigian, Benjamin Pardo, Richard Madden, and Vito Filomino of the New York Graduate Chapter—exemplifying the close relation between the graduate and undergraduate chapters. We also had, as a guest, Dr. S. Liberman, assistant dean of Columbia University College of Pharmacy. Following the dinner, the prospective pledges were invited to an informal discussion with the brothers headed by Regent Thomas Coniglione.

Gamma was recently honored by a visit from Third Grand Vice Regent Pierre F. Smith.

Brother Smith was guest speaker at a luncheon at John Jay Hall. Here, all the brothers had an opportunity to meet him personally. Later, Brother Smith was escorted to the College of Pharmacy where some of the activities of Gamma were discussed. We all enjoyed his visit very much.

Our pledge program is now well under way. The evaluation of the pledges and the assigning of projects constitutes an important part of the brothers' lives at this time. Under the direction of Pledge-master Clint Miller, the pledges have thus far satisfactorily completed their first phase of pledging. The Pledge Choir even entertained the brothers in the C.U.C.P. cafeteria with a series of Christmas Carols. Much can be said for their harmony—a very important quality of Kappa Psi men.

On December 28, the Thirty-First Grand Council Convention of Kappa Psi convened with eight brothers from Gamma in attendance. They were Brothers Richard Caprioli, Thomas Coniglione, Albert DeLeo, John Fedison, Robert Numrich, Richard Papazian, James Turner, and Stephen Zerkis. Brother E. E. Leuallen, dean of Columbia University College of Pharmacy, represented the New York Graduate Chapter. All present had a very enjoyable time. Many thanks to Eta Chapter for receiving the Gamma representatives at their house. The exchange of ideas there regarding pledging was most enlightening. Everyone had a fine time, for the only crisis encountered was due to carburetor trouble in Brother Zerkis' car—which we held together with gum until we reached home.

Gamma would like to congratulate the newly elected Grand Officers. We are confident that they will follow in the footsteps of the retiring officers, to whom we wish to extend our thanks and best wishes.

Congratulations to Brother Bob Byrnes and his bride for tying the knot last December. The brothers of Gamma attended the wedding and had an enjoyable evening.

On December 16, Gamma held its Christmas Party in the Times Square Hotel in New York City. A very large turnout by the brothers resulted in a very successful party. The pledges, who were responsible for the decorations, were also present.

In closing, we would like to express to all the brothers of Kappa Psi best wishes for a very happy new year.

Fraternally yours,
Richard Caprioli, *Historian*

EPSILON—UNIVERSITY OF MINNESOTA

Season's greetings to Kappa Psi. We hope that all the brothers everywhere enjoyed the festive season of 1961 and will prosper in 1962.

Epsilon welcomes the following men as pledges: Evan Anderson, Bruce Benson, Rodney Brayshaw, Bob Gale, Russ Hanover, Gary Perala, Duane Samuelson, Jim Schaeffer, Paul Schwartz and Ruddy Gulstrand.

The following men have been elected officers in the A.Ph.A Student Branch: Russ Hanover, President; Gregg Sinner, Vice President; and Darryl Schaumburg, Secretary.

This year's officers are Barry Krelitz, Regent; Conrad Thopson, Vice Regent; Hal Seim, Secretary; Dick Lauring, Treasurer; Gregg Sinner, Historian and Roger Wachter, Chaplain.

In the academic department, 42% of the chapter earned a B average or better in the spring quarter, 38% the same for fall quarter and 38% received scholarships for '61-'62. Congratulations go to Dan

Koechel twice; once for getting married during the holiday vacation and once for being elected president of Rho Chi for this year.

Kappa Psi and Kappa Epsilon held an exchange a couple of weeks before the close of fall quarter. Although I was culturing pneumococci in the U of M Hospitals at the time, the reports from both the guys and the gals were enthusiastic and indicative of really a great time.

Darryl Schaumburg and Lowell Anderson were Epsilon's delegates to the National Convention. Their reports thus far have just been of an informal nature, but if the amount of information they have returned with is proportional to the amount of fun they had we should get quite an official report!

The following activities are planned for winter quarter: winter snow party, initiation, Date Dinner, joint party with Phi Delta Chi and a rushing smoker.

Fraternally,
Gregory T. Sinner, *Historian*

ETA—PHILADELPHIA COLLEGE OF PHARMACY AND SCIENCE

The first Rush Party was held on November 19th. The business meeting was held at the college. Brother Charles Welch, professor of the humanities, gave a talk on fraternalism entitled, "A Minute to Live." The next part of the program included an introduction of the officers followed by an informative and amusing talk by Brother James Roenitz.

The men then traveled to the "Kappa Psi Speak-easy." The era was the Roaring Twenties, with timely music and song. Le Femme Fatale provided warmth and charm at the party. Many new members were added to the famed "Idle Goldfish Klub," with few fish not reaching their destination. Both brothers and rushees returned home in untouchable spirits.

The bowling team, with the first half of the season completed, is tied for first place. Members of the team included: John Buchanan, Mark Diamond, Wayne Masetti, Vince Paravecchia, Ken Rosini, and Tom Shaulinski.

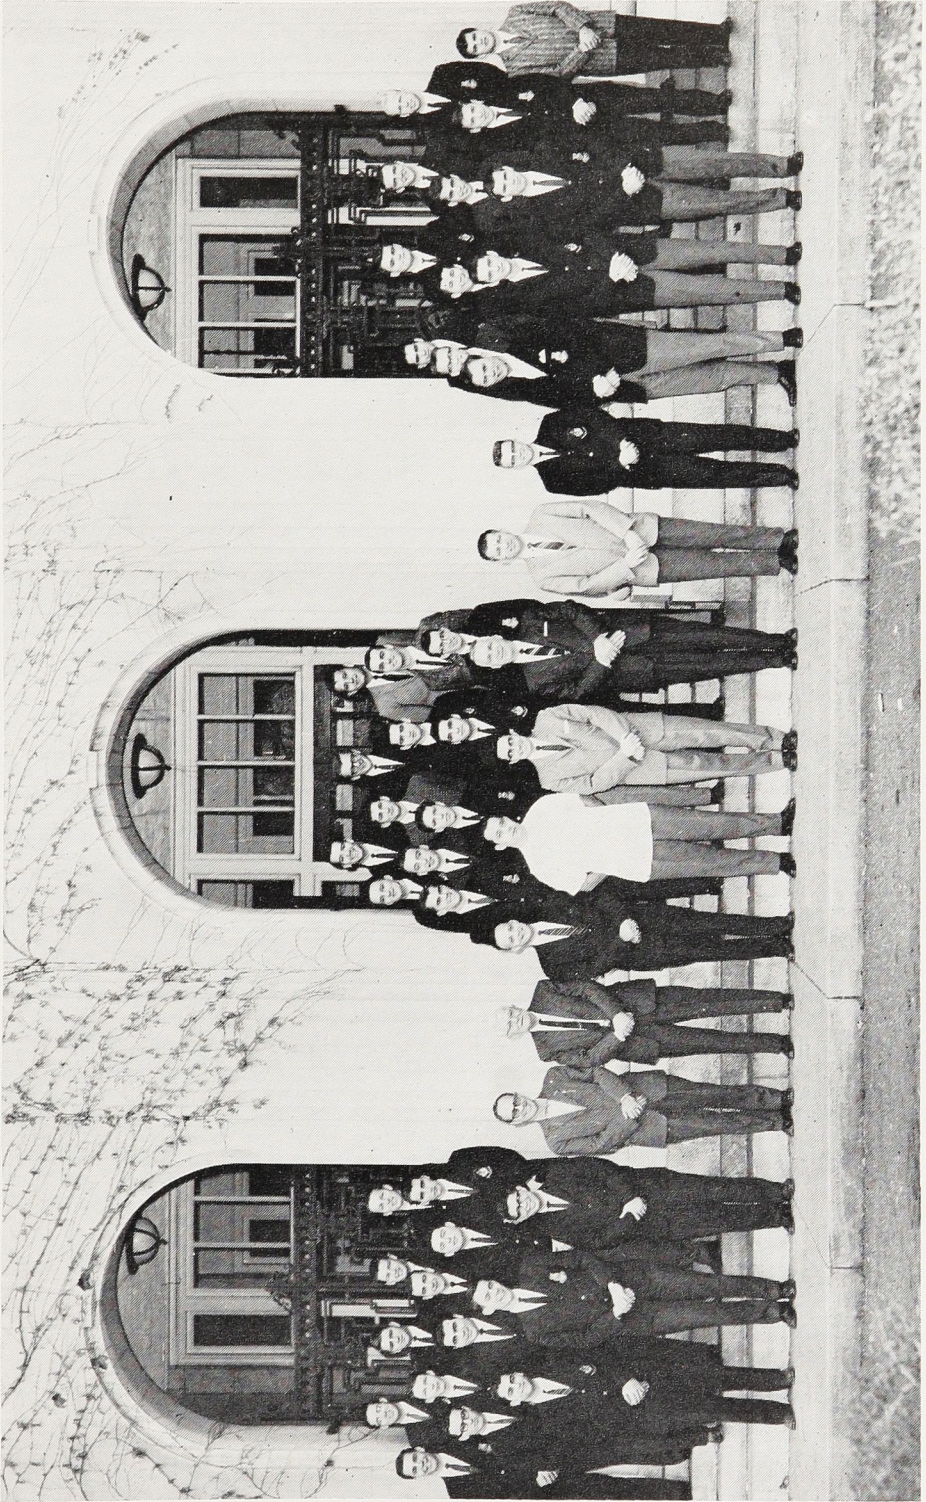

On Thursday, December 7th, Kappa Psi had its second Rush Party. The evening began with a formal dinner at the college. The dinner was well attended by both rushees and brothers. Faculty members in attendance included: Dr. Rossi, Professor Welch, Mr. Lamy, and Mr. Gold. After dinner, short speeches were given by brothers Robert Penna and James Roenitz. Following this, the men went to the Fraternity House for a social hour.

On Monday, the 18th of December, the annual Christmas Party was held. The Nomads provided music for entertainment and dancing. With the house in festive decor, a pleasant holiday season began.

Over the holiday, Eta Chapter was host chapter to the Kappa Psi National Convention. On Friday evening, the men of Eta Chapter were proud to have a faculty member of the college elected to Kappa Psi Honorary Membership. This man was Linwood Tice, dean of pharmacy at the college. The chapter congratulates this deserving leader in the pharmacy profession.

All here in Philadelphia hope that our role as host for the National Convention will qualify our city again before another twenty year period lapses.

Yours in brotherhood,
James M. Roenitz

1430

MU—MASSACHUSETTS COLLEGE OF PHARMACY

Greetings to all Kappa Psi Brothers from Mu Chapter. After a pleasant and relaxing Christmas vacation, with our members scattering to all parts of New England and Philadelphia, we're back in the swing of things, studying hard for our mid-year exams which are fast approaching. And we wish all brothers success in the new year which lies ahead.

On November 28, Mu Chapter added nine more members to its ranks. This was brought about by our annual Fall initiation of upperclassmen. Among our initiates was Dr. William S. Sahakian, professor of psychology and sociology. Mu Chapter is proud to welcome Dr. Sahakian to Kappa Psi, bringing our faculty membership to a record number of fifteen. Also initiated were: Brothers Thomas H. Borysek, of Methuen, Mass.; Raymond P. Charpentier, of New Bedford, Mass.; Andrew S. Clark, of Tewksbury, Mass.; John Cocoran, of Somerville, Mass.; John Delpero, of Peabody, Mass.; Louis A. Imbriano, of East Boston, Mass.; John Robinson, of Lowell, Mass.; and Philip C. Sandstrun, of Wakefield, Mass. This boosts our total collegiate membership to eighty-nine. A very successful initiation was held, thanks to the work of Second Vice Regent Maurice Lacerte and his committee.

Already First Vice Regent Jim Romiglio and his Membership Committee are screening the freshmen for potential members. We shall make the greatest possible effort to send bids only to those freshmen most qualified for membership in Kappa Psi.

The next function of Mu Chapter took place on December 8th, at the 1200 Beacon Street Hotel. This was a Christmas Dinner-Dance, the first of its kind, in recent years, for Mu Chapter. An excellent turnout enjoyed a delicious steak dinner, followed by dancing. Due to the success which this event enjoyed, we hope to make this an annual December function. Our faculty was represented by Prof. and Mrs. James Mickles, Dr. and Mrs. John W. Schermerhorn, Dr. and Mrs. Winthrop E. Lange, Prof. and Mrs. George Narinian, Dr. and Mrs. William H. Parsons, Prof. and Mrs. Norman A. Campbell, and Dr. and Mrs. William S. Sahakian. Also attending were graduate students Mr. and Mrs. George Demeritt and Robert Daly.

Mu Chapter sent a delegation of eighteen members to the 31st Grand Council Convention at Philadelphia, December 28th-30th. Regent Dick Banville and Secretary Bill Wilkins represented our Chapter as delegates while our Kent Carluccio attended as the delegate from Province I. While there, Regent Dick Banville and Co-op Chairman Terry McNabb were speakers on a panel discussion. Dick opened the panel discussion with a talk concerning "In-Chapter Communications," later followed by Terry, who spoke about "In-Province Communication." Both speakers did a very commendable job and represented Mu Chapter well.

Congratulations are in order to our new Grand Regent, Herman C. Forslund, and to the other new Grand Officers. We would also like to thank our previous Grand Regent, James R. Thayer, for a job well done. We are indeed proud to have such capable men as officers of Kappa Psi Pharmaceutical Fraternity. Mu Chapter would also like to commend Dr. Frank H. Eby for the excellent job setting up the convention and also for the fine work which he has so vigorously performed in his role as Grand Secretary-Treasurer.

The delegation thoroughly enjoyed their visit and friendly contacts with our brothers from all over the country. We, of Mu Chapter, extend a cordial invitation to these brothers to visit Boston, and hope their friendships will last.

We received many constructive ideas at the convention, one of these being better "In-Province" communications. We were impressed with the success which Province VII has had in communicating by means of a Newsletter. Mu Chapter, at this time, is attempting to make arrangements for such a Newsletter in Province I. We feel that it would greatly stimulate interest at the Province level.

At our most recent Chapter meeting, Mu Chapter was honored by the presence of a former Mu Chapter member and former Grand Regent, Dr. Heber W. Younken, Sr. We were all very happy to see him and to hear him commend the recent Grand National Convention and the Grand Officers for the fine job which they are doing for Kappa Psi.

Fraternally yours,
Richard E. Tilton, *Historian*

NU—UNIVERSITY OF CONNECTICUT

Happy New Year to all Kappa Psi Brothers from Nu Chapter. We hope all had an excellent holiday. We came back facing final exams and there is nothing to do but dig in and study because there is no senior that wants to come back for that fifth year.

A successful rush period was climaxed at Formal Tapping by the pledging of David Euerle, Paul Arnold, Richard Poulin, Joseph DeLucia, Al Stetynski, Lee Gordon, Henry Grzyb and Fred Dobson. This fine group will be under the able direction of Pledgemaster Charles Inturrisi. These men will carry the ideals of Kappa Psi at the university for the next five years.

A recent election of officers has given us another slate of competent men to guide the chapter for the coming year. Regent Vincent Bernardi will have as Vice Regent, Dennis Eliason; Treasurer, Ed English; Secretary, Richard Giovanoni; Historian, Dan Sullivan; Chaplin, Rock Inglis and the new Grand Council Deputy is Professor Richard Ohvall. The outgoing officers should receive much credit for the progress of Nu Chapter on this campus.

Our annual Sweetheart Formal was held at the Shell Chateau on Saturday night, January 13. The cocktail hour, buffet and dancing until the wee hours were thoroughly enjoyed by all. The climax of the evening was the crowning of Miss Jean Moroz as our Kappa Psi Sweetheart. The lovely Miss Moroz, who is engaged to Brother Bill Dugan, received a bouquet of roses and a gift and then was serenaded by the brothers. It was a splendid climax to a splendid evening.

Although spring is reportedly the time for romance, the holiday season produced some of its own. Brother Bill Dugan became engaged to Miss Jean Moroz, our pretty Sweetheart and Brother Jack Rozzaza announced his engagement to Miss Jan Sardi. Also Brother Steve Lako and Miss Mary Frances Noble were pinned. Congratulations are in order upon his election as Second Grand Vice Regent to Brother Walter R. Williams, and to Brother Robert Grieb of the Connecticut Graduate Chapter for his election as Grand Historian.

April 7 will find all seniors on their way to Michigan and the midwest. This has become an annual trip for all seniors as they throw their books

aside and pick up suitcases for a week of excitement and learning.

I would like to thank the brothers of Nu Chapter for giving me the opportunity to serve as their Historian. I am confident that my successor, Brother Dan Sullivan will continue the fine tradition of Kappa Psi Historians.

Fraternally,
Robert C. Shaw, *Historian*

PI—PURDUE UNIVERSITY

Best wishes in the new year go out to all the brothers of Kappa Psi from Pi Chapter.

Pi Chapter was happy to send John Knapck (Regent), Richard Horton (Treasurer), James Parker (Pledge Trainer), and Neil Yant as delegates to our National Convention in Philadelphia. The holiday vacation has not allowed me to find out what business was transacted at the convention by our delegation, but I am sure that our brothers enjoyed themselves.

The initiation of our 1961 Pledge Class was given in three phases on December 14 and 15. Thursday night, the fourteenth, we held an informal initiation behind the Pharmacy Building. Friday, we had our formal initiation in the Memorial Center and a dinner at the Mar-Jean Village. After the dinner, Dr. Sperandio, Second Grand Vice Regent of the Fraternity, gave a concise and frank talk about the worth of a fraternity.

The twenty-five members initiated were: Don Boersma (Pledge Class President), Warren Bennett, Don Benovitz, Donald Bloom, John Chesta, Robert Clary, Roger Crane, Frank DeLuca, Thomas Dennison, Lahrie Guthrie, Robert Kaman, John Kapocius, Ken Kasperzak, Robert Kunter, James Martin, Keith Morgan, James Mucha, Donald Reese, Gintautas Saulis, Harold Schlozman, David Steenbarger, Larry Tolle, Ronald Wellman, and Neil Yant. All of these men received lapel pins and the congratulations from the brothers of Pi Chapter.

A take-off on the television panel show, *To Tell the Truth*, was the skit presented by Kappa Psi at the annual Purdue Pharmacy Roundup at the Trails. It threw a few light jabs at the chin of pharmacy and let the faculty off the hook a little more than has been done in the past. I guess that I really can't blame the boys for taking it easy on the faculty with the end of the semester so near. I should explain that the round-up is a banquet for the students and faculty of the Purdue School of Pharmacy and that it is sponsored by the various pharmaceutical organizations on the campus.

Soon before Christmas vacation began some of the brothers from Kappa Psi and some of the sisters from Kappa Epsilon joined together in a carol sing at the homes of some of our professors. It's a cinch that we won't get an award for being one of the best choral groups on campus, but speaking for those who took part, I think that it was a well rewarding experience. We were invited into their homes for cookies, cokes, and coffee, but best of all, we got to meet their families. I think that I can safely say that it was the most fun we've had in a long time.

Fraternally yours,
MICHAEL P. FARRELL, *Historian*

• • •

XI—OHIO STATE UNIVERSITY

Greetings to all, from the brothers of Xi Chapter. With the passing of the Christmas and New Year vacation, all the brothers of Xi Chapter are again back in class and eager for knowledge?

Early in the Fall Quarter a pledge banquet was held at the Jai Lai Restaurant in Columbus. Many of the new sophomores in Pharmacy College attended. A good time, as well as a good meal, was had by all present.

Those who went active last quarter were Ollie Hackett and Hugh Bonnoront. After formal initiation for the new actives, a party was held at the Desert Inn Restaurant.

The brothers of Xi Chapter would like to congratulate Phil Rodgers, graduate of June 1961, for scoring the highest grade on the Ohio State Pharmacy Board Examination this past summer.

This quarter a pledge banquet was held at the Jai Lai Restaurant. New pledges of Xi Chapter this quarter are Earl Chin, Ron Taylor, and Thad Sieg.

In closing, we would like to wish all our brothers a happy New Year.

Fraternally yours,
John Leckwath, *Historian*

UPSILON—UNIVERSITY OF KENTUCKY

Fraternal greetings to all Brothers of Kappa Psi from Upsilon Chapter in the heart of the beautiful Blue Grass.

First of all allow me to apologize for "goofing" and missing the last issue of THE MASK.

Upsilon got off to a good start this year with an excellent window display in the foyer of the college. The center of attraction was a huge painted map of our state. The names of the new students were pinpointed at the site of their home town. The display received many compliments, and we were quite proud of it.

At the first of the year Upsilon held its annual fall smoker at the Downtowner Motel to renew old friendships, but mainly to greet and get to know all the new men students. These men were also invited to our fall banquet held at the Fiesta Room of the Holiday Inn.

Upsilon has twelve new pledges, five carry-over pledges, and twenty actives, to give us a total of thirty-seven men. All twelve new pledges are from Kentucky. The officers of the pledge class are: president—David A. Zachary, Flemingsburg; vice president—Johnnie C. Tapp, Lexington; treasurer—David R. Pricer, Ashland; and historian—William R. Parker, Maysville. The other new pledges are: Thomas L. Arnold, Flemingsburg; Harold W. Cooley, Lexington; Billy P. Burton, Henderson; Robert E. Graves, Franklin; Anthony G. Karambellas, Maysville; Larry R. Logan, Valley Station; Harold A. Miller, Richardsville; Guy P. O'Neal, Lexington; and James L. Reynolds, Whitesburg. We lost one pledge to Uncle Sam. Bill Saylor, from Louisville, was a member of the reserves, and was inducted into the army.

The pledges challenged the active chapter to a basket ball game, and it was agreed that the loser would buy a "keg" of refreshments for all. Led by Brother Jim Casey's twenty-six points the actives defeated the pledges by a slim margin of two points. Pledge class president David Zachary was leading scorer for the pledges with twenty-two points.

The student branch of the APHA and the local chapter of the APHA recently had a dinner meet-

**REGENT OF UPSILON WITH HONORARY
MEMBER LANSDOWNE**

1431

*Regent Preston Art and J. Warren Lansdowne,
president of APhA.*

ing at the Fiesta Room of the Holiday Inn for J. Warren Lansdowne, President of APhA, who was also our guest speaker. Upsilon Chapter of Kappa Psi felt extra proud, as president Lansdowne is an Honorary Member of Kappa Psi, and presented him with two Bruell's "Championship Thorobred" etchings. (Brother Lansdowne is quite a race horse fan.) As those of you who have met and talked with him know, Brother Lansdowne is a great guy as well as a credit to the Association, our profession, and Kappa Psi Fraternity.

Upsilon is making the final arrangements for Annual Spring Formal to be held at Tates Creek Country Club on the twenty-seventh of April. Other activities for the semester include several informal date parties and the annual school-wide Honor's Day Banquet, sponsored by Kappa Psi.

Until we "see" you again in the next issue of THE MASK, Upsilon wishes all our Brothers of Kappa Psi the best of luck.

Fraternally yours,
Ronald C. Johnson, *Historian*

CHI—UNIVERSITY OF ILLINOIS

Fraternal greetings to all our brothers from Chi chapter. We hope that your Christmas holiday has been as pleasant as our's. We would all like to wish our brothers a happy and fruitful new year.

We are happy to announce the addition to our membership of two brothers, Harry Kappos and Dale Kannac. To them we extend our congratulations and greetings.

In October Kappa Psi had it's annual smoker to attract new pledges. One of the high points of this smoker was the presentation of a movie entitled "This Is Kappa Psi." This movie was in color and sound and presented the motives and functions of our Fraternity. It was also shown at school where all our students were invited. The comments on this movie were quite favorable.

December was our most enjoyable month, however. The Christmas holiday was largely responsible for this. This was not the only important event of the month, of great importance to us was the addition of a new trophy to Chi Chapter's collec-

tion. Chi Chapter became the first pharmacy team to win the interprofessional volleyball championship. They beat the best from not only the pharmacy school, but from the medical and dentistry schools. Congratulations to our team. December also marked our Christmas party and dance, which was well attended and well enjoyed.

The end of the year finds us as busy as ever. We have nominated Judy Ducat to represent us in the campus queen contest, we feel confident she will win. We are planning activities for the months ahead and working on a school carnival. Add to this our school work and you can see we have no chance of becoming lethargic.

We would again like to wish our brothers in Kappa Psi a very happy new year.

Fraternally yours,
Richard Knutson, *Historian*

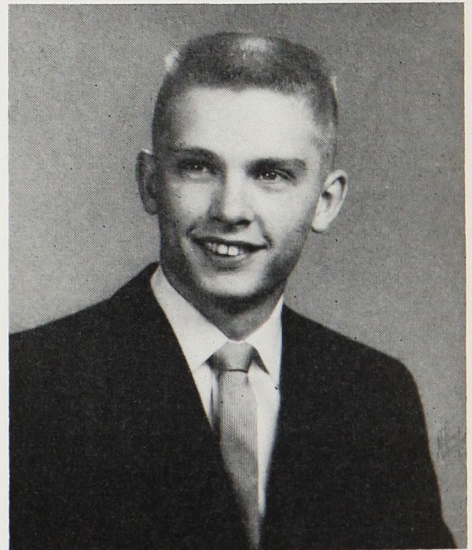

PSI—UNIVERSITY OF TENNESSEE

Greetings to all Kappa Psi men from the brothers of Psi Chapter.

Brothers Melvin Mays and Jerry Rose have recently returned from the National Grand Council Convention in Philadelphia and have given us excellent and interesting reports of the activities. Jerry represented our chapter and Melvin represented Province VII.

Melvin has another distinction, also. On January 5th, Melvin (also now known as "Mr. Wonderful") was elected "King of Lambda Kappa Sigma," the women's pharmaceutical sorority. Brother Mays was crowned at the girl's annual Winter Dance and will reign as King until next year.

Kappa Psi is doing well in intramurals at the present. Brother Gene Hawks won 1st place in Snooker Singles, and Gene and Brother James Wop Cornelius won the Snooker Doubles. Basketball is now just beginning, which is one of our best sports,

MELVIN MAYS of PSI CHAPTER

Elected as "King of Lambda Kappa Sigma"

1432

and we are looking forward to gaining a top standing in intramural competition.

We are proud to announce that every single member of Psi Chapter has voluntarily joined the student A.Ph.A. branch and was the first group to do so.

Special credit should be given to Brother Billy Wright. During the Christmas season, Billy was outfitted as Santa Claus and with the men from the Fraternity House, visited the Le Bonheur Children's Hospital and passed out candy-filled stockings. Billy made a big hit with the children and Kappa Psi made some good public relations.

Until next issue, best wishes for continued success to every chapter.

Fraternally yours,
Dennis Henson, *Historian*

OMEGA—RUTGERS UNIVERSITY

Greetings once again from the brothers of Omega Chapter at the Rutgers College of Pharmacy.

Since our last meeting reported in THE MASK Omega Chapter has been extremely busy both professionally and socially. On the professional side the brothers have been going to various high schools preaching the pharmacy gospel to all potential pharmacy students. Brothers Lockwood, Ferinde, and White are mainly responsible for this movement and are improving their presentation with each visit.

This Christmas the brothers planned a party for the children at a nearby orphanage. Much to the brothers' dismay the orphanage officials cancelled the party due to an internal problem. They were very sorry and invited us back next Christmas. Even though the party didn't formulate, the brothers enjoyed planning it and can't wait until next year to spark the Christmas spirit in the hearts of the children.

On the social side the brothers have been doing quite well. Brother Bunin has again produced another fine movie called "*The Case of the 4 Roses.*"

On November 4, Omega Chapter held its annual Smoker at the Tree Tavern in Paterson, N. J. The affair was well attended and the agenda was as follows: a welcoming speech by Regent Frank Ranu, followed by a roast beef dinner. After dinner Brother Bunin showed this year's and last year's movies. A post-movie skit was put on by Brother White and the evening ended with the usual beer fest.

Our pledge class for this year is as follows: Edward Balz, Jim Beatty, Mike Bottone, George Bouchard, Fred Daffner, Dennis Grygotas, Thomas Ireland, David Kessler, Tony Longo, Frank Marciano, Bob Patterson, Dave Rosenberg, Leonard Scara, Fred Sehley, Gerald Siercho, and Joe Silva.

The brothers were host to Brother Pierre Smith, Second Grand Vice Regent on December 1st. Brother Smith inspected our chapter and was well received by the brothers. The day ended with faculty Brothers King, Sciarone, and Brothers Bilcher, Cuechinelli, Hoagland, Ranu, Commarato, and Castronovo joining Brother Smith for dinner at the For-Hills, Newark, N.J.

This year the brothers have given Brother Sciarone, our Grand Council Deputy, a Christmas present. We are all very proud of the job Brother Sciarone is doing for Omega Chapter.

Omega Chapter has again excelled in sports. We won the football championship with a 7-1-1 record. This makes the sixth year in a row we have won

this championship and a lot of credit must go to Brother Brown, captain of the team.

Until the next issue of THE MASK, best wishes to all brothers from Omega Chapter.

Fraternally yours,
Frank Castronovo, *Historian*

BETA GAMMA—UNIVERSITY OF CALIFORNIA

Now is the time for all good men to come for the aid of their books and start studying for finals! Hallelujah!! So with this in mind I address ye brothers of Kappa Psi, good luck!!!

George Hucks has just recently returned from the National Convention in Philadelphia. He said he had a great time while learning a great deal about several aspects of Kappa Psi. He wishes to thank everyone for the hospitality he received.

Speaking of national conventions I would like to say on behalf of our chapter of Kappa Psi that we will extend every effort to be the host of the National Convention in 1963. San Francisco is an ideal setting for the convention. The weather is fine, not too hot or too cold. There would be no problems in accommodating everyone. We are not lacking here in the west for entertainment, so that one could spend a nice evening out after the convention day is over. This would be the ideal chance for you brothers in the east to see for yourselves what the west coast is like.

The Beta Gamma Chapter of Kappa Psi congratulates those of its members who received Kappa Psi scholarships. They are: John Lewis, Robert Bennet, Glen Cureton, Arnold Leong, Robert Rouse, Reginald Carlan and Richard Pfarrer.

We have held three open house partys during the semester, each one being a tremendous success. In fact they are becoming a little too successful.

We initiated a new function this year, a Halloween party. This will be an annual affair and the biggest house party of the fall semester. It was a costume affair with prizes going to those with the best outfits. Apple cider was the drink of the night and everyone had a high time.

The Pharmacy School Christmas Party was highlighted this year by a skit put on by Kappa Psi. Wayne Foster, the producer and director of the play, out did himself in composing the skit. It even got laughs from the faculty.

The chapter has taken seventeen pledges into the fold. They are: Bud Harvey, Arthur Chan, Norman Chew, Dennis Mackewicz, George Poole, Dennis Dragarian, Bob Blair, Henry Darmstadt, Gordon Dow, Ken Green, Rich Funamura, Joe Hirshman, Toby Herfmal, Rich Mirigin, Gerald Ng, Vic Nora, Fred Shainfeld. Welcome to the Fraternity and the best of luck to all of you.

Election time has rolled around again at least for the three main offices: Regent, Vice Regent and Treasurer. We wish the best of luck to Brothers George Hucks who has been elected Regent, Ralph Reamy who has been elected Vice Regent, and David Henry who has been elected Treasurer. We also want to thank the out going officers Wayne Foster, Regent; Pete Lazo, Vice Regent; and George Hucks, Treasurer for the fine job they did in running the affairs of the chapter during the past year.

Well, that winds it up for now.

Fraternally yours,
Ston Yackamouih, *Historian*

BETA DELTA—ALBANY COLLEGE OF PHARMACY

Since last issue, the brothers of Beta Delta have been busy studying and planning so our fine social program and professional program will be set for the second semester so as to provide all our members with a well rounded program.

After Thanksgiving vacation Beta Delta held a formal initiation for 9 new members. They are: Don Abrahams, Tom Gillette, Tom Drahashuk, Dave Hoefler, Dick Killough, Dan Lloyd, Bob Long, Wayne McDonald, and Dave Smith. We are glad to have them with us and hope they will live up to the high ideals of Kappa Psi.

We of Beta Delta hope our brothers across the country had a joyous Christmas. Lets make a new year's resolution to make Kappa Psi even better. Lets make socialism take a back seat to professionalism.

Representing Beta Delta at the Philadelphia convention were Brothers Fran Alisanski, Joe Decker, Jess Nicotera, and Dave Hoefler. We all hope the meeting was fruitful and many wise decisions made to advance our Fraternity.

Congratulations to Brother Bill Eccles on his recent marriage.

Fraternally yours,
Dave Randall, *Historian*

BETA EPSILON—UNIVERSITY OF RHODE ISLAND

Greeting to all brothers from Beta Epsilon Chapter. We at the University of Rhode Island hope everyone had a pleasant and enjoyable Christmas vacation.

We are proud to offer our congratulations to four new actives who were admitted into our Fraternity at a dinner held November 30, at the Smith Manor. The new members are Charles Baker, Steve Ashukean, Henry Arsenault, and Dick Iacobucci. This was our first opportunity to use the revised Ritual and everything went well. Prospects are very good for obtaining a large pledge class next semester.

The Fourth Annual Pharmacy Clinic was held at the University in November with Brother Robert Gerraughty as moderator. He did an excellent job coordinating the program and it was a real success. Congratulations Brother Gerraughty. We wish to extend our condolences to Brother Gerraughty on the loss of his son Dennis in a fire that completely destroyed his home in Narragansett.

Gene Parker, a 1961 graduate, is working for his master's degree in pharmacy here at U.R.I. Allen Earnshaw has recently been inducted and is now employed by Uncle Sam. Russell Bessette, Joe Mollica and Don Kaufman have been awarded scholarship certificates by the Fraternity for their good work during their junior year; also they have received recognition by the University for their scholastic averages here at Rhode Island. Joe, in addition has been reelected president of his class—good work Joe.

Beta Epsilon was represented at the National Convention held recently in Philadelphia by Joe and Don. Brother John Pagliarini attended as a member of the Executive Committee, and Dr. Pierre Smith, former Third Grand Vice Regent, as a member of Alpha Chapter. Dr. Smith presented a paper entitled "Responsibilities to Kappa Psi Fraternity" which was prepared by Dr. George E. Osborne who was unable to attend the convention; a

fine paper Brother Osborne.

It was quite an experience I'm sure, for those of us who attended a National Convention for the first time. The brothers here wish to thank the Brothers of Beta Omega and Eta Chapters for the warm hospitality they showed to everyone. Incidentally, where are all the lasses in Philadelphia these days, brothers?

Congratulations to the newly elected Grand Officers and a sincere "well done" to the out-going officers are extended by all at U.R.I. Until my next Newsletter, I remain

Fraternally yours,
Don Kaufman, *Historian*

BETA ZETA—OREGON STATE UNIVERSITY

A sincere wish for a successful and happy new year, brother, from Beta Zeta Chapter at Oregon State University.

At our December meeting held on the fourth the pledges of fall term were initiated into Kappa Psi. Those initiated included the following: Richard Fieber, William Flaming, Ronald Hasegawa, Akiharu Hisatomi, Jack Hyatt, Theodore Moon, Dennis Pofahl, and Thomas Tos, all of Corvallis, Oregon; Richard Parlee and Brian Williamson of Albany, Oregon; George Bradley, Portland; George Gillett, Junction City; Don Medeiros, Modesto, California; Robert Goff, San Jose, California; Roger James, Tillamook; Roger Sanford, Gridley, California; Dick Speros, Emmett, Idaho; Leslie Thompson, Oakland, California; Ronald Tibbs, Florence; and Harold Berger, Hillsboro.

We of Beta Zeta Chapter wish to congratulate Herman C. Forslund on being elected Grand Regent at the last Grand Council Convention and are proud to have him here with us once more. Brother Forslund spent the past year at the Faculty of Pharmacy, University of Alexandria, Alexandria, Egypt, U.A.R. under the auspices of the International Education Exchange Commission as a Fulbright Grantee.

We have made preliminary plans for our annual Apothecary Ball. The event promises to be a successful social function.

Beta Zeta Chapter is in the process of compiling a directory of all the students in our school of pharmacy as a service to the school. The directory will be listed by year in pharmacy and will contain addresses and telephone numbers of all the students. We plan to make it a continuing project if it is found to be as successful as we anticipate.

There will be an Assembly of Province X in October at Spokane, Washington. We expect a noteworthy representation from the Brothers of Beta Zeta Chapter.

With the help of our new members Beta Zeta Chapter expects to serve pharmacy to capacity in this new year.

Fraternally yours,
Wallace D. Muzzy, *Historian*

BETA LAMBDA—UNIVERSITY OF TOLEDO

Greetings Brothers,

Here's hoping everyone had an enjoyable holiday season. Many things have happened at Beta Lambda since the last time I wrote.

October 28 was Homecoming here at The University of Toledo. Kappa Psi sponsored a car in the parade. Riding in the car were Brothers Roger Neuman, Jerry Petrykowski, Doyle Smith and Miss

Judy Niebel, Kappa Psi Sweetheart.

On November 4 the brothers and their dates enjoyed a belated Halloween party. The party was held at the Inferno Room of The Tip-Inn in Toledo, Ohio. Chairman was Brother Carl Sigler. It was an enjoyable evening for everyone present.

On November 1 Kappa Psi spoke to prospective pledges at a rush party. On November 17 First Degree was held. New pledges of Beta Lambda are Joe Cavuoto, George Msal, and Jim Sycks. Second Degree was held December 8 and now the pledges are anxiously awaiting the final degree.

On November 21 Kappa Psi sponsored a professional meeting in the Student Union. Speaker was Dr. Robert Schlembach, professor in the College of Pharmacy. The topic was "CNS Stimulants." It was a very interesting and informative evening. Refreshments followed.

On December 12 another Kappa Psi sponsored professional meeting was held. Guest speaker was Dr. Marvin Shapiro, past President of the American Podiatry Association. The topic was "New Opportunities in Medicine." The little known field of medicine dealing with the foot was made known to those present. Dr. Shapiro pointed out that the foot is one of the most important parts of the body and it is also the most neglected part. I am sure that everyone attending enjoyed hearing about the field of Podiatry and its possibilities for the future. Chairman for the meeting was Brother Doyle Smith.

December 16 was the date for our Christmas Party which was held at Hausmann's Barn outside of Toledo. Although it was a rainy, icy evening, many of the brothers and their dates braved the weather and had a good time despite the weather.

Kappa Psi was host to thirty orphan children on December 19 for a Christmas Party. Also collaborating on the party were Lambda Kappa Sigma Pharmaceutical Sorority and Alpha Zeta Omega Pharmaceutical Fraternity. Brother Don Poloha was Santa Claus for the evening and he handed out gifts to the children. Ice-cream, milk, coffee, and cookies were the refreshments. I know that we had just as much fun giving the party as the children did coming to it.

Beta Lambda Regent Andy Kindle and Brother Bob Petrick attended the National Convention at Philadelphia over the vacation. Now we are looking forward to the Province V Assembly at Gamma Delta of Ohio Northern University.

Congratulations are in order for Dr. and Mrs. Robert Schlembach on the birth of their daughter, Jeanne Marie. Dr. Schlembach serves as advisor to Beta Lambda Chapter.

Now finals are here and the semester is coming to a close. Since elections are coming up, this will be my last letter as Historian of Beta Lambda. It has been a pleasure having had the opportunity of relating the events and progress of Beta Lambda to brothers throughout the nation. Best wishes for the future to all.

Fraternally yours,
Jerry Petrykowski, *Historian*

BETA OMICRON—UNIVERSITY OF WASHINGTON

Greetings to all Kappa Psi brothers from the members of Beta Omicron. As this is our first Newsletter of 1962 we want to wish everyone an enjoyable and successful year.

In October the College of Pharmacy held its an-

nual open house. Kappa Psi participated by furnishing guides for tours of the college which included demonstrations of student and research work. Brothers Bill Turner, Jerry Huggins, Ron Spring, Ken Paskett, Bob Du Puy, Dale Powell, John Deming and Lee Brashler represented Kappa Psi as guides.

The first social function of the year was a salmon bake held at Carque Park on the shores of Puget Sound. The brothers and their dates had a very enjoyable time. Much credit for the success of the function must be given to Brother Lee Brashler for his fine job of organization.

Delegates to the National Convention in Philadelphia were chosen at the October 4th business meeting. Regent Dick Seaman and Vice Regent Lee Brashler were elected to represent Beta Omicron. Brother Bob Du Puy was chosen as an alternate.

With the beginning of the new year Beta Omicron is busy organizing its rush program. At the January 4th business meeting the rush program was discussed and organized. Dates and the locations were set for a rush function and initiation banquet. Following the rush function on January 16 will be the pledge period, a week in which the rushees will learn the history and significance of Kappa Psi. The climax to the Pledge Period will be the initiation banquet on February 1.

A highlight of the January 4th business meeting was a report given by Brothers Dick Seaman and Lee Brashler on their representation of Beta Omicron at the National Convention. The objectives they have brought back will assist us in our efforts of furthering Kappa Psi and Pharmacy.

Extending my personal best wishes for the new year, I remain,

Fraternally yours,
Monte Levaque, *Historian*

BETA SIGMA—NORTH DAKOTA STATE UNIVERSITY

Greetings once again from the brothers of Beta Sigma Chapter.

The beginning of winter quarter saw Beta Sigma's numbers increased by the addition of five new brothers. The latest to join the ranks are: Donald Peterson, Douglas Meyer, Dennis Kaldor, Vern Brust, and George Graff.

Brothers Porter, Wattles, Johnson and Dosser recently returned from the Grand Council Convention in Philadelphia. All the brothers in attendance agreed that the convention was well worth the long tiresome drive. We in attendance were very surprised when we were asked to lead the group at the final banquet in singing the Kappa Psi Sweetheart Song. A copy of this song can be obtained by writing to this chapter at 1343 North University Drive, Fargo, North Dakota, for a price of fifty cents per copy.

The plans are now being laid for the Winter Term Party which will be held on February tenth. As in the past, the pledge class is in charge of plans and arrangements.

The brothers at Beta Sigma in an attempt to raise the over-all fraternity scholastic average, have started an average contest for this quarter. The brother with the highest average from fall quarter is paired against the brother with the second highest average and so on down the line. The loser has to buy a steak dinner for the winner. With a goal like this to work toward the averages

are bound to go up, even though they were quite good last quarter.

Our intramural teams are doing quite well again this quarter. Our basketball team is as yet undefeated, and both of our bowling teams are close to the top in their respective leagues. We were also second place finishers in volleyball.

Brother Jerry Houle took the long step over the Christmas vacation and married Edith Olson of Williston, North Dakota.

In closing, I extend my best wishes for a successful and rewarding new year.

Fraternally,
Don Dossier, *Historian*

BETA UPSILON—BUTLER UNIVERSITY

Greetings to all brothers of Kappa Psi from the men of Beta Upsilon Chapter. Now that Christmas vacation is over and the new year is here, we want to wish everyone the best of everything in 1962. The semester has been a busy one and with final examinations fast approaching everyone has more than enough to do. We expect a busy spring semester with an initiation and some other activities planned for the near future. We intend to contact the alumni in our area; therefore we would like to have the addresses of our brothers from whom we have not heard. Our plans for the annual alumni-active party will be announced when they are completed.

Fraternally yours,
Jarold Hunt, *Historian*

BETA CHI—DRAKE UNIVERSITY

Christmas vacation is over, and the golden seeds of knowledge are again being meticulously ground up by the ponderous mortar and pestle of scholarship. From the number of new sweaters, sport coats, and the like which have shown up, apparently it was a festive occasion for all.

At this point, we of Beta Chi would like to take this opportunity to hope that all our brothers had a very merry Christmas and that the new year will be profoundly happy and filled with many treasurable moments. As a belated Christmas gift to national Kappa Psi, we hope that it is in our power to aptly describe our proceedings this year, and bring acknowledgement to the brotherhood and to the profession for which our endeavors have been designed.

Five of the brothers spent a portion of their vacation in a most profitable manner this year, journeying to Philadelphia to take part in the Kappa Psi Grand Council Convention. These persons were: Hal McKay and Chuck Nigut, delegates; Bob Stensby, alternate delegate; and Lyle Anderson and Bruce Hopkins as campaigners. Unanimously they agreed it was a most memorable experience.

Brother Bob Stensby has been appointed as our new Alumni Association chairman. Under his capable guidance, this program is being propelled at dizzying speed. In fact, it promises to become a tremendous asset to our chapter, and through it we hope to have the pleasure and fulfillment of truly sharing warm fellowship and hardy experiences with those who have graduated before us.

Those receiving certificates of scholarship this year from Beta Chi are Martin Mihm, Wayne E. Crozier, Robert Eatin, and Wayne and Warren Peterson. To these men go our heartiest congratulations and the fondest of wishes for as much success in coming years.

Also, we are proud to announce that three out of the four offices in the senior class were attained by fellow brothers. They are as follows: President, Warren Peterson; Vice President, Laddie Krogulski; and Treasurer, Hal McKay.

Also playing a role in activities this year is brother Don Augsperger who is still presiding as editor of the college of pharmacy's unique paper, *The Capsule*. We are the only college on campus to boast having its own paper, and the men of Beta Chi wish Don the best of luck and the fullest of cooperation in presenting the "news and views" of pharmacy here at Drake and over the nation.

Beta Chi's most important contribution to the brotherhood so far this year, though, has been our almost complete sweep of new pledges from the eligible rushees. Proudly enlisting their services, talents, and vows to our beloved fraternity are 24 fine and commendable young men—Ben Anderson, Dan Ashton, Frederick R. Barsmas, James F. Curtin, Duane A. Decker, Earl W. Dunham, Roger, E. Dylstra, Gary W. Ellett, Michael Fieder, M. L. Figert, Norman D. Hradek, Sheldon Kaiz, David W. Kalies, John W. Killam, Daniel L. Meyer, William L. Morris, Stephen E. Peterson, John W. Phillips, Donn Scherer, Noel F. Shaw, Jay Wangerin, Phil Wilson, Keith J. Zierke, and Dennis L. Albers. These gentlemen are the "cream" of their class and the future thunder in Beta Chi's voice. Through their pledgeship they will be cultivated, groomed, and inspired with the fellowship that is common to all brothers in Beta Chi. From this experience they shall arise clean and strong, ready to assume staunch positions as actives—to blend their voices with those of the rest of the brothers in making Kappa Psi a respected symbol of dignity, grace, and professionalism here on Drake's campus. They will be the leaders of tomorrow—and shortly will become the backbone of our Fraternity. Truthfully, I must say I have never seen a pledge class so organized, so full of fellowship, and so aggressive. Yet, aptly it can be said there is vast power and leadership represented in these persons. Believe me, pharmacy needs men like these, men willing to work, men willing to sacrifice . . . men who can do a job. Watch for them. They've got the flame of youth in their minds, the fire of love for this profession in their hearts, and the power of today's education in their hands.

And so, gentlemen, until we meet again, may the hands of fate grasp you tenderly and the sands of time shift for you smoothly . . . bringing pleasure and achievement in all that you attempt.

Warren Peterson *Historian*

BETA PSI—UNIVERSITY OF WISCONSIN

Greetings again to all Kappa Psi brothers everywhere from the Beta Psi Badgers shivering through final exams on the ice-crusted shores of Lake Mendota here in Madison. Our chapter has been unusually active this fall, indulging in all sorts of socio-professional activities. Socially, for example, this fall found Beta Psi enjoying several fine football parties one of which included a hay ride. (Al Swenson insists it was straw!) It was during this very hay ride that John Langford invited us all to try a new game, "Find the Contact Lens." It seemed his girl had lost one during the festivities. Talk about finding a needle in a hay stack!

Professionally, however, Beta Psi initiated the first in a series of annual Leadership Clinics at our chapter house on December 5. The guests included

the entire faculty of the School of Pharmacy, and the Executive Secretary of the Wisconsin Pharmaceutical Association, W. Allen Daniels, who spoke briefly on the importance of leadership to the profession, especially in troubled times of today. Dean Arthur H. Uhl of the School of Pharmacy stressed the need for post-graduate study to prepare pharmaceutically-oriented men to assume high ranking roles in all phases of the industry and the need for qualified professors to continue the high standard of education in pharmacy in America. Over forty seniors attended the Clinic, which later in the evening broke down into informal group discussions.

Our Fall Pledge Banquet was held at Amato's Holiday House, December 14. Dr. Joseph G. Cannon, of the School of Pharmacy faculty, entertained us all with a humorous blast at television commercials. Several other faculty members were also present.

Vice Regent Galen Swenson presented the Fall 1961 pledge class. Here are your new brothers: James Bohl, Wausau; Dennis Feller, Monticello; Gary Miller, West Salem; Ronald Reinhard, Sussex; Harry Ockerlander and Larry Edwards, Madison; and Robert Bauch, Richard Oberhofer, Edward Rahn, and Thomas Smith all of Milwaukee. Congratulations!

Beta Psi was represented at the National Convention in Philadelphia by Regent John Parker Vice Regent Galen Swenson, and Treasurer Richard Weber. And a special Kappa Psi carnation to Professor Richard S. "Dick" Strommen, Beta Psi, University of Wisconsin our new Third Grand Vice Regent!

We hope to have thawed out by the time of the next Newsletter, and can only offer this bit of homely advice: "Remember it is better to have loved and lost than spent the whole weekend studying."

Fraternally,
Robert Buerki, *Historian*

BETA OMEGA—TEMPLE UNIVERSITY

Greetings to all Kappa Psi men from the brothers of Beta Omega. We hope everyone has recovered from the rigors of the convention. It was certainly a pleasure for us to be a host chapter during your stay in Philadelphia.

We have completed our move from the old house to the new home of Beta Omega. Under the able leadership of housemaster Lou Gatto, the entire first floor has been repainted and new linoleum installed. Many small improvements are yet unfinished but should be completed early next semester.

On November 29, our annual Tri-F Dinner was held in the faculty dining room at the School of Pharmacy. This event serves a dual purpose. It is an excellent opportunity for our fathers, faculty and brothers to become better acquainted, and an appropriate time to honor those who have achieved scholastic distinction. After a buffet supper, Dr. Hall, a prominent financial investment adviser, presented a very informative talk on "The European Common Market and Its Effect on the American Economy."

Grand Council Deputy Peterson presented national scholarship awards to Giles Belski, Anthony Centafont, Lon Castle, Lance Collins, Gerald Gentilotti, Howard Harpel, George Heil and Richard Wagner. Chapter scholarship awards were given to John Campbell, Sharswood Cole, Harry Lautenbacher, Alfred Powell and Theodore VanDevere.

The sports program has been very successful. The football team went undefeated and easily won the Pharmacy Intramural League championship. Our fine offense scored sixty-seven, while the defense held the opposition to only seven. This year, the basketball team is playing in a new league composed only of professional fraternities. Coach "Chico" Bryan and his assistant, "Mug" Brunner, have led the team to a record of three wins and two losses with five more games to be played.

After many weeks of hard work, our pledges received the first degree on January 3. The second and third degrees were held on January 10, and ten men joined the brotherhood of Kappa Psi. Isadore Morici received the award for the most improvement during the pledge period. The new brothers of Beta Omega Chapter are Peter Arcuri, Swifton Barnette, John Capello, Stephen Fry, Joseph Irrera, Isadore Morici, Clinton Roderick, John Sanseverino, Robert Strong and Frank Tiano.

It is hard to believe that another semester is over. We hope everyone survived the mid-semester exams. By the next issue of THE MASK new officers will have been elected; so for the final time, I remain

Fraternally yours,
Howard Harpel, *Historian*

GAMMA DELTA—OHIO NORTHERN UNIVERSITY

Best of wishes for the New Year from Gamma Delta Chapter. We hope that an excellent holiday season was enjoyed by all, and that 1962 will be a year of achievement and success for the men of Kappa Psi.

Ten new brothers accepted active status in our noble Fraternity last quarter: Gary Alstaeter, Allan Cole, Charles Dasher, Richard Dever, Timothy Fair, Raymond Raby, Edwin Ritchey, Robert Ritzman, James Schaffer, and Robert Trout. Although a little "Wet behind the ears," they show much promise for good work in the future.

We also pledged eleven new men: Douglas Bard, Akron, Ohio; William Rogers, Warren, Ohio; Arthur Crawford, Canfield, Ohio; Roger Hurst, Ashland, Ohio; Lary Pullen, Lorain, Ohio; Jack MacCartney, Claysville, Pennsylvania; Kenneth Farst, Perrysville, Ohio; Charles Brown, Mount Gilead, Ohio; Jack Tannehill, Columbus, Ohio; Fuad Mansour, Bethlehem, Jordan; and James Hardin, Aliquippa, Pennsylvania.

Social activities were at the usual high water mark for the fall and early winter, as we were continually in the planning stages of one undertaking or another. In order to better acquaint the faculty, student body, and townspeople with our new fraternity house, October 14 was declared "Open House Day." Refreshments were served and tours were conducted to an approximate turnout of over 500 guests.

To the strains of "Round and Round," we hopefully entered the annual Greek Sing; however, our vocalization wasn't good enough to bring back the trophy.

With Brother Schmid at the head, two splendid dances were very well effected to the enjoyment of all. The Harvest Dance, following a chilly hayride, saw the house filled with hay bales, corn shocks, and various other articles from the harvest. At the Christmas dance, Brother "Santa" DeWerth distributed the gifts to the girls. A song session was held to round out the winter evening.

Homecoming proved to be a gala affair with the large turnout of alumni. The chapter house, the Rudolph Henry Raabe Memorial, was dedicated to a man we highly honor and respect, Dean Emeritus R. H. Raabe. Our house decorations placed second in the final tally of points.

Forty-five freshman pharmics were entertained at our smoker with a skit and refreshments. Dr. C. O. Lee, Dean Smith, and Dean Raabe were honored guests.

They say that "In the Spring, a young man's fancy turns to thoughts of" I'm not one to dispute this theory; however, Cupid took quite a heavy toll during the past few months. My illustrious roommate, Hunter Russell became engaged to Miss Karen Zimmerman; Thomas Mechling, engaged to Miss Linda Wise, and Tim Fair to Miss Susan Yeager. Pins seemed to slip away here and there also with Dave Schmid pinning Miss Pam Purcell, Dick Woerz pinned to Miss Sylvia Nester, and Fred Burton to Miss Susan Conn.

Two excellent drug trips were enjoyed by the junior and senior brothers last quarter. The seniors visited Abbott in Chicago, and the juniors were hosted by the Upjohn Company in Kalamazoo, Michigan.

Several brothers again were elected to various offices. Fred Burton became president of the junior class, and Tim Cole was elected to *Who's Who in American Colleges and Universities*. Jim Schaffer was chosen to fill a vacancy on the Student Council making seven out of eight pharmacy seats held by Kappa Psi men. Hunter Russell and Wilson Gruber were elected to the Student Activity Council. Wilson Gruber was also chosen chairman of the Homecoming program and festivities.

We are proud to have three more Kappa Psi men instructing in our pharmacy school: Dr. Vernon Greene, formerly from the University of Texas is teaching pharmacology and is our new Grand Council Deputy; Dr. James Newcombe from the University of Pittsburgh is instructing in pharmaceutical preparations; Dr. Bernard Grabowski from Temple University is teaching pharmaceutical chemistry.

We were greatly gratified with the fine turnout we had at our annual Thanksgiving dinner with most of the pharmacy faculty and their wives in attendance. Doc Smith is still complaining about the fact that he was thoroughly defeated by Dr. Grabowski in stowing away turkey—that is doing some eating!

Fraternally,

Wilson S. Gruber, Jr., *Librarian-Historian*

GAMMA THETA—UNIVERSITY OF KANSAS CITY

Greetings to all brothers of Kappa Psi from Gamma Theta Chapter. We trust you had a pleasant holiday season.

A big event at our school was the fall seminar held November 2nd. Our chapter had a luncheon at our new student center. It was well attended by active members as well as the pledges and several of our alumni. After lunch, we adjourned to the Playhouse where the program for the seminar was presented. The theme of the seminar this year was "Chemical, Biological, and Radiological Warfare of the Future." Top authorities from the Army Headquarters in Washington D.C., led in the discussion. The guest speakers were Dr. Bernard P. McNamara, Dr. L. D. Fothergill, and Lt. Col. Louis E. Browning.

1433 GAMMA THETA PRESENTATION

Tom Garrison (left), current Regent making presentation to Dick Gardner, Regent '60-61 for his outstanding work in behalf of the chapter.

Gamma Theta initiated its second largest pledge class November 29th. The initiation started at 6:00 P.M. in the Pharmacy Building. At 8:00 the active members treated the initiates to a steak dinner at Twin Oaks. At the dinner, Dick Gardner, past Regent, was presented with an engraved lighter for his outstanding work for Kappa Psi. The group returned to the Pharmacy Building for the formal part of initiation. The new members with pledge officers were: Gary E. Hendren—President, Melvin Rogers—Vice President, Raymond Stecino—Secretary-Treasurer, Noel Arnold, Larry L. Day, Richard Edwards, Manuchair Ebadi, Phil Forney, Bill Frazier, Jon G. Genisio, Patrick Porter, Louis Proctor, R. J. Wendling, and Charles Wooten. The Pledge Class's project was the buying of articles used in the Ritual of Initiation. After initiation our total membership totals 37.

The wedding march was heard by two of our members over the Christmas vacation when Patrick Porter and Joe Guffey were married. Those that are married in our chapter now number eleven. Good-luck Joe and Pat in your new adventure.

San Strade and Raymond Kennett were our two delegates to the National Convention in Philadelphia. Both delegates were part of the five member panel that discussed "In Chapter" and "In Province" Communications. Strade gave the talk written by Regent Garrison on "In Chapter," and Kennett, editor of the *Province VII Newsletter*, talked on communications within Province VII. Both delegates had a good time and feel as though they benefited greatly from the exchange of ideas that the convention provided.

At the convention the Executive Committee voted to allow Gamma Gamma and Gamma Mu en-

trance into Province VII. This news was warmly received here at Gamma Theta. We are already making plans for the incorporation of the two chapters into the province at the Province VII Assembly to be held in Kansas City October 19-20. The Assembly should be the biggest convention of the Province ever held. Gamma Pi (St. Louis) has indicated that the entire chapter will be here, together with Gamma Omega, Beta Rho, Psi, Upsilon, Gamma Gamma, Gamma Mu, and Gamma Theta. Registration should well be 65-70. We here at Gamma Theta are looking forward to being host to our brothers from 7 states, and may I personally assure you a most enjoyable week-end in Kansas City.

It was a sincere pleasure to meet so many members from across the country at our National Convention. I hope to see some of you again at the Kappa Psi suite in Las Vegas, where we can combine our efforts to help the American Pharmaceutical Association.

Fraternally yours,
Raymond Kennett, *Historian*
(and Noel Arnold, assistant to the *Historian*)

GAMMA IOTA—UNIVERSITY OF BUFFALO

Greetings from Gamma Iota Chapter and Buffalo, New York. Our hats are off to the three host chapters of the city of brotherly love for the traditional Kappa Psi hospitality extended to the Grand Council last December.

A second note of gratitude is in order for Beta Omega Chapter at Temple for passing on to us the information necessary to initiate a polio immunization program at the University of Buffalo. Our third campaign, which took place in October, elevated our total to well over four hundred immunizations.

Another segment of our "Boost Kappa Psi" program which is being warmly accepted by faculty and students of Pharmacy School, is the "Good Time Charlie Party" following each A.Ph.A. meeting. Gamma Iota boasts 100% membership in A.Ph.A. and outstanding attendance at every meeting. A.Ph.A. officials include Brothers Don Steinwachs (vice president) and Bob Branshaw (treasurer).

The Pharmacy School picnic and Pharmacy School Christmas Dance were both successful ventures. Much of their success may be attributed to

GAMMA IOTA BROTHERS IN PHILADELPHIA
From left are Jim Rosanski, Jack Whitehead, Tim Collins, and Bill Okoniewski getting a first hand view of American History while attending the Grand Council Convention in December.

find Kappa Psi committee work on the part of: Jack Whitehead, Chuck Schwender, Chuck Banas, Bert Benning, Clay Merlihan, Don Steinwachs, and Dick Langlotz. Both of the affairs ran smoothly under the expert chairmanship of Brother Tim Collins.

Gamma Iota was privileged to receive a visit from Pierre Smith. We sincerely hope that Brother Smith had an enjoyable as well as a productive stay in Buffalo.

Since circumstances prevented Gamma Iota from contributing to THE MASK earlier this school year, we would like to take this opportunity to congratulate Brothers Balone, Blackley, Buchanan, D'Alessandro, Gerber, Jachlewski, Miletta, Chorb, Stuber, and Van Sice, whose graduation was honored at the Dinner Dance, June 12, at the Buffalo Launch Club on Grand Island. Chairman Dorio wishes to express his gratitude to the very eloquent toastmaster, Graduate Brother Bill Kent, and to all who participated to make this the best attended closing affair in Gamma Iota history. While on the subject of graduations, we would like to extend best wishes to Brothers Dorio, Linder, Mau, Oleszkowski, Stando, White, and Whitehead, who are keeping their fingers crossed until this June.

A hearty welcome into the folds of Kappa Psi to Pledges Barto, DeForrest, Gruzca, Jusko, Knowlton, Okoniewski, Rozanski, Rucinski, Scroger, Tota, Urbanski, and Willig. A welcome into the Agora to newly initiated Brothers Grossman, Kucey, Benning, and Brown. Potential Kappa Psi Sweethearts were born to Kay and Frank Dickey, Rose and Ron Stando, and Barb and Dick Langlotz.

Finally, we want to express our desire that all Kappa Psi men were successful in January examinations and are now looking forward to an extremely successful, productive, and enjoyable second semester. Until the next issue of THE MASK I remain,

Sincerely and fraternally yours,
Lou Dorio, *Historian*

GAMMA KAPPA—SOUTH DAKOTA STATE COLLEGE

With the beginning of a new quarter the brothers of Gamma Kappa Chapter are busy getting themselves organized.

GAMMA IOTA'S BUFFALO BUSTER

Alias Ray Szesniak and Jim Rosanski approach speaker's table at Grand Council Convention.

1435

The newsletter editors are preparing our second newsletter. Many favorable comments were received regarding our first newsletter and we are sure that our second one will be just as favorably received as our first.

Brothers Ellgen, Carver, and Fairfield attended the Kappa Psi Convention in Philadelphia. They enjoyed meeting the brothers of other chapters and sight-seeing in the east.

Our Kappa Psi intramural volleyball team finished runner-up in the college volleyball tournament. We are expecting good returns from our basketball and bowling teams too.

Plans are being made to have a local cosmetician speak to Kappa Epsilon and Kappa Psi at our next scientific meeting. We are hoping that this meeting will give us a broader knowledge of cosmetics.

Until the next issue, I remain

Fraternally yours,
Dennis Groteboer, *Historian*

GAMMA LAMBDA—NEW ENGLAND COLLEGE OF PHARMACY

Once more we return from the holiday vacation looking forward to another trimester at N.E.C.P. The brothers of Gamma Lambda hope that all the brothers of Kappa Psi had an enjoyable vacation and are ready to encounter finals.

During the fall trimester, we were engaged in quite a bit of activity. On November 16, our annual affair, Fall Frolics, was held. From all reports everyone had a fine evening except for a small minority who were not in shape for the rigorous exercise required when "twisting." For those who hadn't had enough socializing for one night, there were parties after the dance.

On November 30, Gamma Lambda held its first smoker. A large number of new students attended and were able to get acquainted with the brothers, gaining first hand knowledge of Kappa Psi. While the prospective pledges and brothers feasted on macaroni and beer, they were entertained by Brother Joe Cavallaro as he once again led the "Joe Cavallaro Singers." Special thanks should go to Brother Bob Pasquarello, and the other brothers, who were largely responsible for making the smoker a success.

Our football team could not be stopped as they rolled over all competition, winning the league championship. A great job of signal calling was done by Tim "Yelborton" Sullivan.

On December 18, election of the following officers took place: John Ferreri, Regent; Bill Weiner, Vice Regent; Bob Davio, Secretary; Charles Petalas, Treasurer; Paul Myron, Historian; Thomas Rice, Chaplain; Fred Matula, Manager of Publicity.

Due to the fact that N.E.C.P. is on the trimester plan, the following brothers completed the pharmacy curriculum at the end of the fall trimester: Al Silvia, Dave Perusse, William Bennion, Phil Patti, Paul Farrell, Dave MacFarlane, and Harold "Gus" Harris. We wish them good luck in their future endeavors and are confident they will represent the high ideals of pharmacy and Kappa Psi.

Several brothers from Gamma Lambda were able to attend the National Grand Council Convention in Philadelphia. As I was unable to be among them, John Ferreri, the Regent of Gamma Lambda, has submitted a brief statement concerning the convention. In behalf of all the brothers at Gamma Lambda I wish to extend congratulations to all of the

newly elected Grand Officers. I would also like to congratulate the convention committee and especially the host chapters, Beta Omega, Eta, and the Philadelphia Graduate Chapter, for the fine work they did in making this convention most successful. It certainly will be hard to forget the memories imbedded at the last convention—and by the way, did anyone catch the buffalo that was wandering around the mezzanine floor?

At the time of this writing, we are in the process of stepping up rushing with a few informal parties and mapping out plans for the pledge program. We are putting forth every effort to insure a good pledge class with the accent on quality rather than quantity.

Finally, as new Historian I would like to thank the former officers of Gamma Lambda for the fine job they have done in the past year.

To all the brothers of Kappa Psi, best wishes for a happy and prosperous New Year.

Fraternally yours,
Paul Myron, *Historian*

GAMMA MU—NORTHEAST LOUISIANA STATE COLLEGE

One of the recent lectures in the Kappa Psi Lecture Series on Diseases of Man was delivered by Martimer Raphael, M.D., on the subject "Hypertension."

Gamma Mu Chapter entered a car, which placed first, in the annual Campus-Wide Homecoming contest.

During the Holiday Season, several members of the Chapter joined with the local Red Cross organization in traveling to the Veterans Administration hospital in Alexandria to present a program and gifts to the patients.

In cooperation with the A.Ph.A. Committee on Reference Books for the Pharmacy Library, Gamma Mu Chapter donated current editions of the National Formulary and Pharmacopeia of The United States to the library. Our Regent heads this committee which has done a splendid job in obtaining reference books for the school.

A majority of the members now feel quite well-dressed on campus sporting their new olive blazers.

Our pledge class hasn't let us put them in the shade this year. They recently presented pencil sharpeners to the School of Pharmacy to be placed in convenient locations throughout the building. They also made posters for the guest lecturer series and helped decorate our homecoming car.

Our Chapter recently presented a Citation of Appreciation Certificate to Ann Doolin, School of Pharmacy Secretary, for her helpful cooperation. She was overtaken with surprise as she thought that our presence in the dean's office was completely explained by our putting up a Christmas tree for the school's enjoyment.

Everyone had a wonderful time at our annual Christmas Party—a wiener-roast given by the pledges.

To close 1961, our Chapter sent Paul Lasseigne, and Richard Autin as delegates to the National Convention. They have brought back splendid reports of the Convention and of their trips to Washington and New York, as well as tales of their air travels.

This rounds out the happenings here at the Gamma Mu Chapter. Best of luck to all the brothers of Kappa Psi.

Fraternally yours,
Louis Vallee, *Historian*

GAMMA NU—UNIVERSITY OF THE PACIFIC

Greetings from Gamma Nu Chapter to all our Kappa Psi Brothers. We hope your holidays were as enjoyable as ours.

This is the beginning of our second year as members of Kappa Psi Fraternity and promises to be even more rewarding than our first year. With our new pledge class, consisting of 12 new members, we increased our membership to 33.

To recap our first year briefly; we began our pledging activities, with a barbeque, a card party, various dinners, followed by our formal initiation at the Fireside Room. Then with our new pledge class, we went to work to publicize the fact that a new fraternity was present on campus. A program of "Orientation to Pharmacy" was sponsored for several of the high schools in the area. In connection with this program, Mr. Donald Doyle, a lobbyist for the California Pharmaceutical Institute, gave a talk to the pharmacy students at Pacific.

With the coming of spring, our first baseball team was formed. The team was very successful compiling a 8-1 win loss record, losing the Intramural Baseball Tournament 5-4 in an extra inning game. However, at the Annual A.Ph.A. picnic, revenge was satisfied when we defeated our rival pharmacy fraternity.

Gamma Nu was especially proud of their senior members led by James Zimmerman who won the 1961 Lehn & Fink Gold Medal Award for the highest scholastic achievement in the senior class.

With the beginning of school in September we held our annual reception for new pharmacy students.

Our basketball team has started practicing for the intramural tournament coming up and our Valentine formal dance is to be held in February.

Pledging will be starting soon and we are looking forward to a very successful year which is already off to a fine start.

Gamma Nu wishes all the brothers of Kappa Psi a very fruitful year in Pharmacy.

Fraternally yours,
Vern Vierra, *Historian*

GAMMA XI—UNIVERSITY OF SOUTH CAROLINA

Gamma Xi Chapter extends a fraternal salute to its brothers everywhere. We are happy to report a fruitful period of progress, enthusiasm, and professionalism.

One of our more interesting activities during the past couple of months was a debate between the actives and pledges on the topic, "Resolved: That the United States institute a policy of total socialism in the field of medicine." The actives, represented by Brothers Jim Moss, Paul Collins, Tommy Barnes, and Richard Wogon, argued for the negative. The pledges, represented by Frank Morris, Dickey Preacher, Jim Sitterson, and Mead Connelly, and coached by Pledgemaster Brother Freddy Kyle Sox, argued the affirmative side. The judges, Dr. Robert Beamer, Professor Don Galgano, and Instructor Coleman Bolick (all of whom are Kappa Psi men) selected the pledges as winners. Both teams showed evidence of a great amount of research, and we learned much from the debate. Recognition in local newspapers was given for this activity.

A very fine talk was given at a recent meeting by our Chaplain, Brother Larrison Vickery. The

talk, entitled "Our Moral Obligation to Be Ethical," reminded us of our role as a part of the total health forces, and our responsibilities to humanity.

During the annual Red Cross Blood Drive at the University of South Carolina a high percentage of the brothers donated a pint of their precious fluid. Blood credit was subsequently given to all members and their immediate families for one year.

The brothers of Gamma Xi have followed with interest the accounts in the A.Ph.A. Journal of the anti-trust trials in Northern California and Utah. The chapter responded to the "Defend the Profession" Campaign by sending a check to this very worthy cause.

Hoping to set a precedent for the ensuing years, Gamma Xi recently decided to award a Merck Index to the pre-pharmacy student who has the highest scholastic average at Mid-term of the second semester. This is in keeping with our ideal that scholarship should be recognized and encouraged, so that ultimately we will be better pharmacists.

In this post-Convention issue, perhaps the most newsworthy topic is the convention itself. Brothers Max Ray, Regent, and Carl Evans, Vice Regent, represented Gamma Xi Chapter. They reported a highly successful convention. Brothers Ray and Evans relayed to the chapter the reports of progress of the various Grand Officers and National Committees; they informed the chapter of the latest amendments to the Constitution. They reported the results of the election of new Grand Officers. Of particular interest was the discussion by Dr. Milton Neuroth, past Grand Regent, concerning the relation of Kappa Psi and the A.Ph.A.

Brothers Ray and Evans obviously did not confine their activities to talks and discussions in the convention room. They reported a delightful evening at the Eta Chapter House in Philadelphia. The brothers of Eta were most congenial and hospitable. An interesting songfest transpired, and songs ran the gamut, from one which extolled the virtues of Lydia Pinkham's Compound, to various rhymed couplets in the calypso vein. Thanks, brothers of Eta, from Brothers Ray and Evans, for a delightful evening.

Congratulations to Dr. Herman Forslund, our new Grand Regent, and to all the newly elected Grand Officers. We of Gamma Xi look forward to great strides during your two-year tenure.

We also congratulate Dr. Linwood F. Tice, dean of the Philadelphia College of Pharmacy, for the high award accorded to him at the convention.

Gamma Xi officially endorses MEMPHIS as the site of the 1963 Convention.

Best wishes, brothers, in the spring semester.

Yours in fraternalism,
David Stone, *Historian*

GAMMA PI—ST. LOUIS COLLEGE OF PHARMACY

Happy New Year! The brothers of Gamma Pi extend to all their brothers in Kappa Psi best wishes for a happy and fruitful 1962. We hope the good fortune of the past years will continue in the future for all members of our great Fraternity. Trusting that everyone has survived the holidays we now settle down to breaking those originally solemn New Year's resolutions and for the many of us it means completing our last year at S.C.P. We have come back facing final exams and there is nothing to do but dig in and study because there is no senior that wants to come back for that fifth

year even if the seniors next year do take a trip to New York.

The frat house was decorated inside and out for the Christmas season. Just before the break for the Christmas Holidays a Christmas luncheon and party was held for the brothers at the house on December 16, 1961. The brothers and their dates all enjoyed the dancing and gaiety provided from the party. That is, all enjoyed the party except for a select few who seem to think that they had a good time but somehow have a hard time remembering the events of the evening.

The jingle of Christmas bells around the chapter house were forced into the background by equally famous wedding bells. One of the brothers, Ronald K. Baur and Miss Louise Lammers took that big step on December 27, 1961.

The chapter sponsored a fund raising program to help pay expenses of all the chapter members who could attend the National Grand Council Convention. A blind date party was set up by Brother Jack A. Jalowiec, social chairman whereby a cover charge was assessed to all members attending. This turned out to be really a "whinging" of a party. Also the brothers worked on other fund raising programs until a very resourceful fund was provided so that all members who could attend were given the privilege.

Many of the members have just returned from the National Grand Council Convention and any local news is completely over-shadowed by the events of convention. We wish to congratulate the Grand Officers on their election. We hope that the next two years under them will be just as profitable as the last two. We know that they have the Fraternity at heart and will do all they can for it. Those who attended the convention from Gamma Pi—John Vono, Donald Price, Daniel Mulcahy, James Hendrickson, Leonard Nageer, John G. Sorensen, Roy Klosterman, Philip A. Bangert, and Gerald C. Henney agree that never have they had a more enjoyable and profitable trip. They have learned much about Kappa Psi and about our collegiate brothers from all over the country. We realize that it was a privilege to be able to attend the convention and participate in the activities of the Grand Council. Those attending have returned with a greater appreciation of our Fraternity and a greater sense of responsibilities to it. We extend our congratulations to the Philadelphia brothers for being excellent hosts. We'll never forget it.

Formal initiation for four new brothers was held on January 3, 1962. The initiates were James Craddock, Richard C. Brandsted, James Lovins, and John M. Simpson. We are proud to welcome them into our ranks and feel assured that they will be a great asset to the Fraternity.

In conclusion, as a representative of Gamma Pi Chapter, I would again like to wish all the member chapters of Kappa Psi the best of success in the new year and to assure everyone that we will do our utmost to further the standards of Kappa Psi.

Fraternally yours,
Joe Neal, *Historian*

GAMMA SIGMA—UNIVERSITY OF FLORIDA

Fraternal greetings to all brothers from Gamma Sigma Chapter.

The fall semester got under way with the following men in office: Regent—Ron Smith; Vice Regent—Randy Kiser; Secretary—Tom Angel; Treasurer—Vincent Perez; Chaplain—Fred Kinnard.

Instead of a formal smoker, this fall we held an informal barbecue-rush party at the home of Brother Randy Kiser. In the weeks following, a fine pledge class, consisting of 15 men, went through the traditional pledging period and informal initiation. Our Fall Initiation Banquet was held at the Brahma Restaurant and Cocktail Lounge in Ocala, with a dance following. We were happy to welcome the following men into the brotherhood of Kappa Psi: Bob Coker, Henry Cogley, Harold Donahue, Mike Gravatt, Don Hershey, Terry Lee, Bill Lumb, Mike Maney, Dennis Morrison, David Murphy, Buddy Patton, George Radimer, Joe Raffa, Lorenzo Steward, and George Windsor.

For the second consecutive year we entered a car in the Homecoming Parade, on which we received many compliments. Last year, we became the first professional fraternity to participate in the Homecoming Parade here at the University of Florida.

Athletically speaking, we extended our unbeaten record against Rho Pi Phi, defeating them 32-0 in our annual football "classic." This semester we have participated in an Independent Intramural football league, and plans are now being made for basketball.

We are proud to report that our Chapter is keeping in accord with the high scholarship ideals of Kappa Psi. We won the scholarship trophy for the fourth consecutive semester, over Rho Pi Phi and Kappa Epsilon. Regent Ron Smith was honored at the College of Pharmacy Christmas Party as he was presented with the 1961 Borden Scholarship Award, in the amount of \$300, which goes to that senior with the highest over-all grade point average. Also to be congratulated along this line is Bill Lumb, who was elected to Rho Chi.

A debate team made up of Vincent Perez, Paul Tavel, and John Trotter defeated a team from Rho Pi Phi in a Rho Chi-sponsored debate on the question of Trade vs. Generic names.

Our chapter had the honor of two of its brothers elected to offices in the student branch of the A.Ph. A.—Ron Smith, President; and Tom Angel, Secretary.

Brothers Joe Lesley, Phil Sherrad, and Glenn Morin attended the National Kappa Psi Convention in Philadelphia, December 27-30. These men derived a lot out of this experience, bringing back new ideas to our local chapter.

Elections for the spring semester have been held, with the following men taking office: Regent—Joe Lesley; Vice Regent—Glenn Morin; Secretary—Fred Kinnard; Treasurer—John Trotter; Chaplain—Phil Sparks; Historian—Dennis Morrison. We are looking for these men to do a fine job for a progressing Kappa Psi during the spring semester.

Fraternally yours,
Dennis Morrison, *Historian*

GAMMA PHI—UNIVERSITY OF GEORGIA

Construction of a new Pharmacy Building at the University of Georgia was begun last quarter. The building will be a part of the University's Science Center and will be located near the Forestry School. It is expected to be ready for occupancy by September, 1963.

Charlie Williams Lodge was the site of a dance held after the Georgia-Auburn football game. A campus band—"The Mark III"—provided the music. Everyone seemed to have a good time dancing, and there was plenty of food and drinks for all.

Brother Grannon Thompson and his wife Judy

have become the proud parents of a baby boy. Congratulations!

Congratulations are also in order for our Sweetheart, Wannah Shirley, who was married over the Christmas Holidays.

The senior class made its annual trip to the north to visit two pharmaceutical manufacturers—Eli Lilly and Company and Abbott Laboratories. The trip was both enjoyable and very educational. I believe we all returned home with a better understanding of the pharmaceutical industry and its endeavors to produce the finest quality products available in any market.

As it is still early in the Winter Quarter, our plans for the quarter have not yet been completed. A pledge program is being worked on and plans for our annual Spring dance and banquet are in progress.

Gamma Phi extends its best wishes for success and happiness in the new year to all of the other Kappa Psi Chapters.

Fraternally yours,
Donald C. Davis, *Historian*

GAMMA CHI—FERRIS INSTITUTE

A big "Howdy" to all the brothers of Kappa Psi from Gamma Chi!

This quarter Gamma Chi received a proud addition to its advisory staff. Mr. F. Schiattarella will teach classes in pharmacology in which he holds his master's degree from the University of Michigan. Welcome to Gamma Chi Mr. Schiattarella!

Many things are to be undertaken in the weeks to follow. One of the most important and largest events on campus will soon take shape early in February. I am speaking of Kappa Psi's Sweetheart Ball. We will, as we have in the past, bring up a big name band to the Ferris campus for this function. The dance is scheduled for the 17th of February and we will be looking forward to seeing our alumni and friends. I can say without question, that a good time will be had by all!

Winter Carnival is another event which will grace the Ferris campus soon. The Greek organizations will enter competition in the winter games and snow statue construction. We hope to "walk away with the turkey" in these activities, although competition should be quite keen.

Gamma Chi is looking forward to a big turnout in pledging this year. We had a large and impressive attendance at our open smoker and we are hoping for the same, come "pledge time."

Winter term brought the addition and subtraction of a Gamma Chi brother. Brother Al Silverstien has returned to Gamma Chi after his attendance at the St. Louis College of Pharmacy. Welcome back, we missed you!

Brother Darrell Kinney has decided to leave us and enroll this February at Wayne State University in Detroit where he plans to finish his course of study there. Best of luck Darrell!

December 6th, 1961 brought a memorable event to yours truly. Bruce Jackson was pinned to Miss Sharon Kay Harkins of Big Rapids. Wonderful girl, believe me!

At present, Gamma Chi is in the process of purchasing a chapter house. Things are shaping up nicely and we should be able to move in by spring of this year.

In general, Gamma Chi is on the move, both in the quality and the quantity of its members. May I take this opportunity to urge all of our alumni to visit us as often as you can. "Sweetheart Ball

Time" would be an excellent opportunity for you to see us. Keep it in mind.

I wish to convey my chapter's greetings and best wishes for the coming year to all members of KAPPA PSI in hopes that success will follow hand-in-hand with your endeavors of study and practice of our honored profession.

Fraternally yours,
Bruce B. Jackson, *Historian*

BUFFALO GRADUATE CHAPTER

The brothers of the Buffalo Graduate Chapter wish to extend best wishes to all the brothers of Kappa Psi for the coming year. This school year has started out to be a great success for the brothers of the Buffalo Graduate Chapter under the capable and exemplary leadership of Brother Jack Carotta, Regent of the graduate chapter. The first business meeting held on September 25, was highlighted by an interesting and entertaining slide projection travelogue of Europe by Mr. Richard Battaglia. The graduate and collegiate brothers were honored by a visit from our Third Grand Vice Regent, Dr. Pierre F. Smith on October 27, 1961, especially since Dr. Smith is an alumnus of the University of Buffalo and Gamma Iota Chapter. During his brief stay Dr. Smith visited the faculty of the University of Buffalo School of Pharmacy, met with the collegiate chapter and dined with them along with the Regent of our graduate chapter. They then attended a Halloween Party held by the collegiate chapter. Dr. Smith discussed with us our potential, our resources and our future.

Our next business meeting held on November 8 was highlighted by a lecture on Medical Hypnosis by Dr. Joseph Kuhn. He presented a fascinating lecture on the use of hypnosis in painless childbirth, self hypnosis, danger of hypnosis in inexperienced hands and other interesting features. We found this to be an extremely enlightening lecture. Dr. Kuhn was followed by a talk concerning the 75th anniversary program of the U. of B. School of Pharmacy by Dean Daniel H. Murray. He discussed the role of Kappa Psi in this program and of the difficulties involved when the University of Buffalo soon becomes a part of the State University System. The business discussed at this meeting was preparation for the National Grand Council convention. A total of fifteen brothers attended and came back with a feeling of success. We at Gamma Iota and the Buffalo Graduate Chapter have placed a formal bid for the site of the next Grand Council Convention to be held in Buffalo. We extend to you a cordial invitation to come to Buffalo in '63—Buffalo—City of Good Neighbors—Queen City of the Lakes. Also see one of the seven wonders of the world—Niagara Falls.

Fraternally,
Kenneth P. Gerber, *Historian*

CONNECTICUT GRADUATE CHAPTER

HAPPY NEW YEAR BROTHERS!

The Connecticut Graduate Chapter held its November meeting at D'Orio's Restaurant in Waterbury on November 15. Brothers Sam D'Ambrosi and Gus DellaPietro were in charge of this meeting. Members present were pleased to find three charter members of the organization in attendance: retired dean of the school of pharmacy—Dr. Henry S. Johnson, Professor Roy Williams and Professor Nick Fenney.

Following a luscious dinner, the regular order of business was taken up. Discussion was held on our ladies night for this year. This event, which we have not had in the last few years is going to be held on May 12 at Frankie's Restaurant situated on the Milford turnpike. A good time and fitting homage for our wives and sweethearts is planned.

Professor Fenney, Editor of THE MASK, announced the recent availability of a Certificate of Commendation. This certificate may be presented to any person, whether or not a member of Kappa Psi, in recognition of some outstanding contribution to pharmacy or his community. It is the first time such a certificate has been offered by our Fraternity and we are looking forward to being able to bestow it on some deserving person.

The author of this Newsletter would be sadly remiss if he did not express the joy of the Connecticut Graduate Chapter in the election results at the Philadelphia Convention. We are very honored to have two of our members elected to office: Brother Bob Grieb—Grand Historian and Brother Roy Williams—Second Grand Vice Regent. Both of these men have long worked hard to promote Kappa Psi and they have our best wishes in their new offices. We are also pleased to have Brother Nick Fenney again appointed Editor of THE MASK. Nick has done a tremendous job as editor in the last few years and we know he will continue to do just such a job in the future. These men are surely an inspiration to all Kappa Psi Brothers for their work in Kappa Psi.

Fraternally yours,
Jim Spencer

DETROIT GRADUATE CHAPTER

Past Regent Jim Joseph was selected as "Pharmacist of the Month" by the Detroit Drug Journal for the past December. Jim won the McCabe Award here in Detroit and also the Kappa Psi Award upon graduation from D. I. T. in 1943. Jim was married in 1944 with Brother George Smith as best man and he now has three daughters and a son. Brother Joseph has his own store on Fenkell and has always been interested in Pharmacy belonging to the M.S.P.A., N.A.R.D., Knights of Columbus, New Orleans Jazz Club, and is a member of the Association of Ethical Hypnosis. Congratulations, Jim and the best wishes for many more years in Pharmacy. The profession can use more devoted members such as Brother Joseph.

Carl E. Kyburz of Beta Upsilon Chapter has

completed fifteen years with Eli Lilly & Company in the Royal Oak and Detroit area. Mr. Kyburz has been active in the Detroit Graduate Chapter for many years as Secretary, a member of the Directory Committee and Historian. He is also publicity chairman for the Oakland County Pharmaceutical Association. Henry R. Kyburz also of Beta Upsilon has completed twenty years with Eli Lilly & Company in Indianapolis.

Brother Fred Arnold has been re-elected for the third time as Treasurer of the Oakland County Pharmaceutical Association. Fred also has a son playing hockey with the Detroit Jr. Redwings. Of course you know that Fred's wife comes from Canada.

Motor city news: Saw Bill Hennessey, Frank Facione, Verne Crandall, James Hall and Dean and Mrs. Lakey at the Michigan Academy of Pharmacy Dinner at Wayne State in December—Thomas Neville has been nominated to the Executive Committee of the Detroit Retail Drug Assoc.—Brother and Mrs. Bill Haber are the parents of a new baby boy—Saw Adam Stark and Fred Arnold at the Oak Co. Pharmacy meeting.

NEW YORK GRADUATE CHAPTER

Greetings to all the brothers from the N.Y. Graduate Chapter of Kappa Psi. Last night, November 16th, 1961 we held our fall meeting at the N.Y. Athletic Club. We began our meeting with dinner and discussion followed by an interesting film on Nuclear Radiation in the Medical Field. This film was sent to us by E. R. Squibb and Sons.

Three senior members of the Gamma Collegiate Chapter were present and their Regent, Coniglione gave us a resume of what's happening at Gamma.

We are pleased to report that Bob Kneisser and Emil Pape are in the Army. Also, the Graduate Chapter has three new additions from the class of 1961. They are Ben Pardo (whose graduation gift from his wife was a baby boy), Richard Madden, and John Bartha.

Our next meeting will be held in the beginning of February at which time we will have an open meeting so that you may bring your guest (s). Several notices will be sent out well in advance enabling you to make arrangements to attend. As always contact your nearest Kappa Psi neighbor so that we may see additional new faces this year.

Fraternally yours,
Sandro Rogers

APPROVED FRATERNITY SHEET MUSIC AVAILABLE

The following Kappa Psi sheet music for piano (with words) is available at 50¢ per copy. Make all purchases directly from the respective Chapter secretary.
